Said way as so laid out is bounded and described as follows:

First Section: Beginning at the point of intersection of the southwesterly side line of Glenburn Road and the easterly side line of Park Avenue, thence northerly on said easterly side line of Park Avenue a distance of 62.78 feet to the point of intersection of said easterly side line of Park

Avenue and the northeasterly side line of Glenburn Road, thence southeasterly on said northeasterly side line of Glenburn Road a distance of 558.48 feet to the point of intersection of said northeasterly side line of Glenburn Road and the northwesterly side line of Bellington Street, thence southerly across said Glenburn Road and on the northwesterly side line of Bellington Street a distance of 43.55 feet to the point of intersection of said northwesterly side line of Bellington Street and the southwesterly side line of Glenburn Road, thence northwesterly on said southwesterly side line of Glenburn Road a distance of 540.51 feet to a point of curve on said southwesterly side line of Glenburn Road, thence northwesterly, westerly, and southwesterly on said southwesterly side line of Glenburn Road on a curve to the left with a radius of 13.8 feet a distance of 26.68 feet to the point of beginning.

Second Section: Beginning at the point of intersection of the northeasterly side line of Glenburn Road and the southeasterly side line of Bellington Street, thence southeasterly on said northeasterly side line of Glenburn Road a distance of 498.92 feet to a point of curve in said northeasterly side line of Glenburn Road, thence continuing southeasterly on said northeasterly side line of Glenburn Road on a curve to the right with a radius of 539.88 feet a distance of 244.43 feet to the point of intersection of said northeasterly side line of Glenburn Road and the northwesterly side line of Hillcrest Street, thence southwesterly on said northwesterly side line of Hillcrest Street a distance of 40 feet more or less to the point of intersection of said northwesterly side line of Hillcrest Street and the southwesterly side line of Glenburn Road, thence northwesterly on said southwesterly side line of Glenburn Road on a curve to the left with a radius of 499.88 feet a distance of 218.0 feet to a point of tangency in said southwesterly side line of Glenburn Road, thence continuing northwesterly on said southwesterly side line of Glenburn Road a distance of 510 feet to the point of intersection of said southwesterly side line of Glenburn Road and the southeasterly side line of Bellington Street, thence northeasterly across said Glenburn Road and on said southeasterly side line of Bellington Street a distance of 41.51 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled: "Plan and Profile of Glenburn Road, Arlington, Mass., Scales Horizontal 40 ft. = 1 inch, Vertical 6 ft. = 1 inch, Oct. 19, 1911, Ernest W. Branch, Civil Engineer, 73 Tremont St., Boston."

Article 18. To see if the Town will accept the laying out of a town way from Hawthorne Avenue to Eastern Avenue, substantially in the location of the private way known as Grand View Road, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the northeasterly side line of Eastern Avenue and the northwesterly side line of Grand View Road, thence northeasterly on said northwesterly side line of Grand View Road a distance of 410.87 feet to a point of curve in said northwesterly side line of Grand View Road, thence continuing northeasterly on said northwesterly side line of Grand View Road on a curve to the right with a radius of 640.29 feet a distance of 108.26 feet to a point of tangency in said northwesterly side line of Grand View Road, thence continuing northeasterly on said northwesterly side line of Grand View Road a distance of 101.82 feet to the point of intersection of said northwesterly side line of Grand View Road and the southwesterly side line of Hawthorne Avenue, thence southeasterly on said southwesterly side line of Hawthorne Avenue a distance of 50.48 feet to the point of intersection of said southwesterly side line of Hawthorne Avenue and the south-

easterly side line of Grand View Road, thence southwesterly on said southeasterly side line of Grand View Road a distance of 108.65 feet to a point of curve in said southeasterly side line of Grand View Road, thence continuing southwesterly on said southeasterly side line of Grand View Road on a curve to the left with a radius of 590,29 feet a distance of 99.77 feet to a point of tangency in said southeasterly side line of Grand View Road, thence continuing southwesterly on said southeasterly side line of Grand View Road a distance of 411.94 feet to the point of intersection of said southeasterly side line of Grand View Road and the northeasterly side line of Eastern Avenue, thence northwesterly on said northeasterly side line of Eastern Avenue a distance of 50.01 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass., entitled: "Plan of Grand View Road, Arlington, Mass. owned by Robbins Spring Water & Land Associates, showing proposed lines & grades, made by H. S. Adams, C. E., Scale 40' and 6' = 1'', Mar. 1898."

Article 19. To see if the Town will accept the laying out of a town way from Eastern Avenue to the Concord Turnpike, substantially in the location of the private way known as Hillcrest Street, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at the point of intersection of the northwesterly side line of Hillcrest Street and the northeasterly side line of the Concord Turnpike, thence northeasterly on said northwesterly side line of Hillcrest Street a distance of 262.75 feet to a point of curve in said northwesterly side line of Hillcrest Street, thence continuing northeasterly on said northwesterly side line of Hillcrest Street on a curve to the left with a radius of 1472.6 feet a distance of 340.76 feet to a point of reverse curve in said northwesterly side line of Hillcrest Street, thence continuing northeasterly on said northwesterly side line of Hillcrest Street on a curve to the right with a radius of 367.99 feet a distance of 91.5 feet to a point of tangency in said northwesterly side line of Hillcrest Street, thence continuing northeasterly on said northwesterly side line of Hillcrest Street a distance of 158.71 feet to a point of curve in said northwesterly side line of Hillcrest Street, thence northeasterly, northerly, and northwesterly on said northwesterly side line of Hillcrest Street on a curve to the left with a radius of 19.83 feet a distance of 37.26 feet to the point of intersection of said northwesterly side line of Hillcrest Street and the southwesterly side line of Eastern Avenue, thence southeasterly on said southwesterly side line of Eastern Avenue on a curve to the right with a radius of 5901 feet a distance of 80.14 feet to the point of intersection of said southwesterly side line of Eastern Avenue and the southeasterly side line of Hillcrest Street, thence northwesterly, westerly and southwesterly on said southeasterly side line of Hillcrest Street on a curve to the left with a radius of 15.26 feet a distance of 19.47 feet to a point of tangency in said southeasterly side line of Hillcrest Street, thence southwesterly on said southeasterly side line of Hillcrest Street a distance of 186.27 feet to a point of curve in said southeasterly side line of Hillcrest Street, thence continuing southwesterly on said southeasterly side line of Hillcrest Street on a curve to the left with a radius of 327.99 feet a distance of 81.56 feet to a stone bound at a point of reverse curve in said southeasterly side line of Hillcrest Street, thence continuing southwesterly on said southeasterly side line of Hillcrest Street on a curve to the right with a radius of 1512.6 feet a distance of 350.0 feet to a stone bound at a point of tangency in said southeasterly side line of Hillcrest Street, thence continuing southwesterly on said southeasterly side line of Hillcrest Street a distance of 202.0 feet to a point of curve in said southeasterly side line of Hillcrest Street, thence southerly and southeasterly on said southeasterly side line of Hillcrest Street on a curve to the left with a radius of 15.38 feet a distance of 33.74 feet to the point of intersection of said southeasterly side line of Hillcrest Street and the northeasterly side line of Arlmont Street, thence southwesterly through said Arlmont Street a distance of 4.35 feet to a point on the northeasterly side line of the Concord Turnpike, thence northwesterly on said northeasterly side line of the Concord Turnpike on a curve to the left with a radius of 2980.7 feet a distance of 80.34 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled: "Plan and Profile of Hillcrest Street, Arlington, Mass. petitioned for by Edgar C. Linn, Brookline, Hor. 40' to 1", Vert. 6' to 1", Dec. 1919, H. A. Millhouse, C. E., revised by R. B. Bellamy, C. E."

Article 20. To see if the Town will accept the laying out of a town way from Jason Street to Spring Street, substantially in the location of the private way known as Hillsdale Road, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at a stone bound at the point of intersection of the southeasterly side line of Hillsdale Road and the easterly side line of Spring Street, thence northwesterly on said easterly side line of Spring Street on a curve to the left with a radius of 1227.05 feet a distance of 97.6 feet to the point of intersection of said easterly side line of Spring Street and the northwesterly side line of Hillsdale Road, thence southeasterly, easterly, and northeasterly on said northwesterly side line of Hillsdale Road on a curve to the left with a radius of 20 feet a distance of 30.62 feet to a

stone bound at a point of tangency in said northwesterly side line of Hillsdale Road, thence northeasterly on said northwesterly side line of Hillsdale Road a distance of 283.23 feet to a stone bound at a point of curve in said northwesterly side line of Hillsdale Road, thence continuing northeasterly on said northwesterly side line of Hillsdale Road on a curve to the left with a radius of 1200 feet a distance of 591.02 feet to a stone bound at a point of compound curve in said northwesterly side line of Hillsdale Road, thence continuing northeasterly on said northwesterly side line of Hillsdale Road on a curve to the left with a radius of 582.25 feet a distance of 33.90 feet to a stone bound at a point of tangency in said northwesterly side line of Hillsdale Road, thence continuing northeasterly on said northwesterly side line of Hillsdale Road a distance of 10 feet to an angle point in said northwesterly side line of Hillsdale Road, thence continuing northeasterly on said northwesterly side line of Hillsdale Road a distance of about 157.1 feet to a point on said northwesterly side line of Hillsdale Road, thence northerly and northwesterly on said northwesterly side line of Hillsdale Road on a curve to the left with a radius of 100 feet a distance of 72.98 feet to a point on said northwesterly side line of Hillsdale Road at the end of the present accepted portion of Jason Street, thence easterly by said present accepted portion of Jason Street and across said Hillsdale Road a distance of 59.0 feet more or less to a stone bound on the southeasterly side line of Hillsdale Road, thence southerly and southwesterly on said southeasterly side line of Hillsdale Road on a curve to the right with a radius of 194.3 feet a distance of 77.57 feet to a stone bound at a point of compound curve in said southeasterly side line of Hillsdale Road, thence continuing southwesterly on said southeasterly side line of Hillsdale Road on a curve to the right with a radius of 622.25 feet a distance of 236.83 feet to a stone bound at a point of compound curve in said southeasterly side line of Hillsdale Road, thence continuing southwesterly on said southeasterly side line of Hillsdale Road on a curve to the right with a radius of 1240 feet a distance of 610.72 feet to a stone bound at a point of tangency in said southeasterly side line of Hillsdale Road, thence continuing southwesterly on said southeasterly side line of Hillsdale Road a distance of 263.25 feet to a stone bound at a point of curve in said southeasterly side line of Hillsdale Road, thence southwesterly, southerly, and southeasterly on said southeasterly side line of Hillsdale Road on a curve to the left with a radius of 40 feet a distance of 61.24 feet to the point of beginning as shown on two plans on file in the office of the Town Clerk, Arlington, Mass. both entitled "Plan and Profile of portion of Hillsdale Road, Jason Heights, Arlington, Mass. Hor. Scale — 40 feet = 1 inch, Vert. Scale — 6 feet = 1 inch, July 1928, Whitman & Howard, Civil Engineers, 220 Devonshire St., Boston."

Article 21. To see if the Town will accept the laying out of a town way from Wachusett Avenue to George Street, substantially in the location of the private way known as Hillside Avenue, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at a stone bound at the point of intersection of the westerly side line of Wachusett Avenue and the southerly side line of Hillside Avenue, thence southwesterly on said southerly side line of Hillside Avenue a distance of 680.0 feet to the point of intersection of said southerly side line of Hillside Avenue and the easterly side line of George Street, thence northwesterly on said easterly side line of George Street a distance of 50.0 feet to the point of intersection of said easterly side line of George Street and the northerly side line of Hillside Avenue, thence northeasterly on said northerly side line of Hillside Avenue a distance of 680.0 feet to the point of intersection of said northerly side

line of Hillside Avenue and the westerly side line of Wachusett Avenue, thence southeasterly on said westerly side line of Wachusett Avenue a distance of 50.0 feet to the point of beginning as shown on two plans on file in the office of the Town Clerk, Arlington, Mass. both entitled: "Plan and Profile showing proposed lines and grades for Hillside Ave., Arlington, Hor. Sc.—40'=1", Vert. Sc.—6'=1", Chas. J. Elliot, Engr. & Surveyor, Nov. 5, 1910."

Article 22. Article 24. To see if the Town will accept the laying out of a town way from Hillsdale Road to Pleasant Street, substantially in the location of the private way known as Venner Road, as made and filed in the office of the Town Clerk by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; establish said way; make an appropriation for said laying out and the construction of said way; determine in what manner the money shall be raised; or take any action relating thereto.

Said way as so laid out is bounded and described as follows:

Beginning at a stone bound at the point of intersection of the northwesterly side line of Pleasant Street and the southwesterly side line of Venner Road, thence northeasterly, northerly and northwesterly on said southwesterly side line of Venner Road on a curve to the left with a radius of 20.0 feet a distance of 31.42 feet to a point of curve in said southwesterly side line of Venner Road, thence northwesterly on said southwesterly side line of Venner Road a distance of 84.21 feet to a point of curve in said southwesterly side line of Venner Road, thence continuing northwesterly side line of Venner Road, thence continuing northwesterly side line of Venner Road, thence continuing northwesterly

erly on said southwesterly side line of Venner Road on a curve to the left with a radius of 800.0 feet a distance of 190.66 feet to a point of reverse curve in said southwesterly side line of Venner Road, thence continuing northwesterly on said southwesterly side line of Venner Road on a curve to the right with a radius of 592.09 feet a distance of 113.63 feet to a point of tangency in said southwesterly side line of Venner Road, thence continuing northwesterly on said southwesterly side line of Venner Road a distance of 353.66 feet to a point of curve in said southwesterly side line of Venner Road, thence northwesterly, westerly, and southwesterly on said southwesterly side line of Venner Road on a curve to the left with a radius of 20.0 feet a distance of 28.58 feet to the point of intersection of said southwesterly side line of Venner Road and the southeasterly side line of Hillsdale Road, thence northeasterly on said southeasterly side line of Hillsdale Road a distance of 80.82 feet to the point of intersection of said southeasterly side line of Hillsdale Road and the northeasterly side line of Venner Road, thence southwesterly, southerly, and southeasterly on said northeasterly side line of Venner Road on a curve to the left with a radius of 20.0 feet a distance of 34.25 feet to a point of tangency in said northeasterly side line of Venner Road, thence southeasterly on said northeasterly side line of Venner Road a distance of 342.24 feet to a point of curve in said northeasterly side line of Venner Road, thence continuing southeasterly on said northeasterly side line of Venner Road on a curve to the left with a radius of 552.09 feet a distance of 105.96 feet to a point of reverse curve in said northeasterly side line of Venner Road, thence continuing southeasterly on said northeasterly side line of Venner Road on a curve to the right with a radius of 840.0 feet a distance of 200.19 feet to a point of tangency in said northeasterly side line of Venner Road, thence continuing southeasterly on said northeasterly side line of Venner Road a distance of 84.21 feet to a point of tangency in said northeasterly side line of Venner Road, thence southeasterly, easterly, and northeasterly on said northeasterly side line of Venner Road on a curve to the left with a radius of 20.0 feet a distance of 31.42 feet to the point of intersection of said northeasterly side line of Venner Road and the northwesterly side line of Pleasant Street, thence southwesterly on said northwesterly side line of Pleasant Street a distance of 80.0 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled: "Plan and Profile of Venner Road, Jason Heights, Arlington, Mass., Hor. Scale—40 ft. = 1 inch, Vert. Scale—6 ft. = 1 inch, July, 1928. Whitman & Howard, Civil Engineers, 220 Devonshire St., Boston."

Article 25. To see if the Town will make an appropriation under the provisions of law authorizing the assessment of betterments, for the original construction of public ways in the Town, the laying out of which is accepted at this meeting, including land damages and the cost of pavement and sidewalks laid at the time of said construction; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 26. To see if the Town will authorize the acquisition by purchase, eminent domain or otherwise of any land easements or rights therein, including an easement or easements in land adjoining the location of any or all public ways, the laying out of which is accepted at this meeting, consisting of a right to have the land of the location protected by having the surface of such adjoining land slope from the boundary of the location; make an appropriation for such acquisition; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 27. To see if the Town will accept the alteration of the way known as Gray Street, under the provisions of law authorizing the assessment of betterments or otherwise, on the northerly and southerly side at Pleasant Street, as made and reported by the Joint Board of Selectmen and Board of Public Works; will make an appropriation for said alteration, including land damages; will make an appropria-

tion or appropriations for the alteration, construction of, and specific repairs upon all or any part of said street as now existing or hereafter altered, including land damages, if any, under the provisions of law authorizing the assessment of betterments or otherwise; determine in what manner the money shall be raised and expended; or take any action in any way relating to all or any of the foregoing.

Said way as so altered is to include the parcel of land bounded and described as follows:

Northerly Corner at Pleasant Street

Beginning at the point of intersection of the westerly side line of Pleasant Street and the northeasterly side line of Gray Street, thence northerly on said westerly side line of Pleasant Street a distance of 25.80 feet to a point, thence southwesterly and westerly on a curve to the right with a radius of 15.0 feet a distance of 31.32 feet to a point in the northeasterly side line of Gray Street, thence southeasterly on said northeasterly side line of Gray Street a distance of 25.80 feet to the point of beginning.

Southerly Corner at Pleasant Street

Beginning at the point of intersection of the westerly side line of Pleasant Street and the southwesterly side line of Gray Street, thence northwesterly on said southwesterly side line of Gray Street a distance of 20.76 feet to a point, thence southeasterly and southerly on a curve to the right with a radius of 35.7 feet a distance of 37.60 feet to a point in the westerly side line of Pleasant Street, thence northerly on said westerly side line of Pleasant Street a distance of 20.76 feet to the point of beginning.

Article 28. To see if the Town will accept the alteration of the way known as River Street, under the provisions of law authorizing the assessment of betterments or otherwise, on the westerly side at Warren Street, as made and reported by the Joint Board of Selectmen and Board of Public Works; will make an appropriation for said alteration, including land damages; will make an appropriation or

appropriations for the alteration, construction of, and specific repairs upon all or any part of said street as now existing or hereafter altered, including land damages, if any, under the provisions of law authorizing the assessment of betterments or otherwise; determine in what manner the money shall be raised and expended; or take any action in any way relating to all or any of the foregoing.

Said way as so altered is to include the parcel of land bounded and described as follows:

Beginning at a stone bound at the point of intersection of the northwesterly side line of River Street and the northeasterly side line of Warren Street, thence northeasterly on said northwesterly side line of River Street a distance of 13.02 feet to a point on said northwesterly side line of River Street, thence southwesterly, westerly and northwesterly through private lands on a curve to the right with a radius of 10.5 feet a distance of 18.74 feet to a point on the northeasterly side line of Warren Street, thence southeasterly on said northeasterly side line of Warren Street a distance of 13.02 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk, Arlington, Mass. entitled "Plan & Profile showing a portion of River Street, Arlington, Mass., scales as noted, James M. Keane, Town Eng., Sept. 13, 1940."

Article 29. To see if the Town will accept the alteration of the way known as Tufts Street, under the provisions of law authorizing the assessment of betterments or otherwise, on the easterly side from Massachusetts Avenue to Broadway, as made and reported by the Joint Board of Selectmen and Board of Public Works; will make an appropriation for said alteration, including land damages; will make an appropriation or appropriations for the alteration, construction of, and specific repairs upon all or any part of said street as now existing or hereafter altered, including land damages, if any, under the provisions of law authorizing the assessment of betterments or otherwise; determine in what manner the money shall be raised and expended; or

take any action in any way relating to all or any of the foregoing.

Said way as so altered is to include the parcel of land bounded and described as follows:

Beginning at a point on the northeasterly side line of Mass. Avenue, said point being 487.45 feet northwesterly of a stone bound at the northwesterly corner of Harlow Street and Mass. Avenue, thence northwesterly on said northeasterly side line of Mass. Avenue a distance of 32.27 feet to the point of intersection of said northeasterly side line of Mass. Avenue and the southeasterly side line of Tufts Street, thence northeasterly on said southeasterly side line of Tufts Street a distance of 1150.50 feet to the point of intersection of said southeasterly side line of Tufts Street and the southwesterly side line of Broadway, thence southeasterly on said southwesterly side line of Broadway a distance of 32.03 feet to a point, thence northwesterly, westerly, and southwesterly on a curve to the left with a radius of 30.0 feet a distance of 39.56 feet to a point of tangency. thence continuing southwesterly and on a line 8.5 feet southeast of and parallel to the southeasterly side line of Tufts Street a distance of 1103.49 feet to a point of curve, thence southerly and southeasterly on a curve to the left with a radius of 25.0 feet a distance of 38.00 feet to the point of beginning as shown on a plan on file in the office of the Town Clerk entitled: "Plan showing proposed alteration. Tufts Street, Arlington, Mass., Scale 1"=40', Oct. 7, 1940. James M. Keane, Town Engineer".

Article 30. The necessary ballots prepared for each precinct and all other paraphernalia for the proper conduct of the election was supplied by the Town Clerk and turned over to the officers of the various precincts.

The polls were declared open in each precinct at seven o'clock in the morning and remained open until eight o'clock in the evening at which time, after due notice, they were declared closed.

The ballots were counted by the election officers and encased in boxes, which were locked and sealed, and the same were delivered by direction of the Town Clerk to the Police Station where they were placed under police guard until after the expiration of the time within which a petition for recount might be filed.

The returns and keys to ballot boxes from each precinct were turned over to the Town Clerk and with the assistance of the Registrars of Voters the returns were canvassed and the result announced.

ANNUAL MEETING ·

Arlington, March 12, 1941.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town by a Constable of said Town, notices having been sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members elected and qualified to act in Town Meetings, in Arlington, and advertised in two local papers, the Town Meeting Members met in the Robbins Memorial Town Hall in said Town on Wednesday, March 12, 1941 at eight o'clock in the evening.

Lists containing the names of two hundred and fifty-four qualified Town Meeting Members were used at the entrance to the meeting place and were in charge of Philip T. Robinson and James E. Sweeney; they were filed with the Town Clerk at the close of the meeting, and showed that one hundred and seventy-five members attended.

The Moderator called the meeting to order at 8:12 P.M.

Town Meeting Members not previously sworn were sworn by the Moderator.

Mr. Adams, Chairman of the Board of Selectmen, requested that the Secretary of the Board of Selectmen, Mr. Golden, Mr. Marsh of the Board of Public Works, and the Town Counsel, Mr. White, be permitted to sit with him. There being no objection the Moderator granted his request.

The Town Clerk read the Call and the Constable's Return of the Warrant, the reading of the remainder of the Warrant being waived by consent of the meeting.

Chairman Adams read the following telegram:

WESTERN UNION

Brockton, Mass., March 11

Board of Selectmen:

Mail Arlington, Mass.

This is an appeal for assistance in immediate raising of a fund to be used for relief of the bereaved widows and children of our gallant fire fighters who so heroically met death in nation's most recent fire catastrophe.

If not inconsistent with your rules would ask that you kindly delegate a few key men to make an immediate canvass of any and all departments under your jurisdiction and any charitably inclined citizens and business houses in your community.

Any and all contributions will be most gratefully received and duly and publicly acknowledged. Please make all remittances to Mayor Fred D. Rowe, Honorary Chairman, Firemen's Disaster Relief Committee.

On motion of Mr. Adams, duly seconded, it was unanimously

Voted: That if all the business of the meeting as set forth in the Warrant is not disposed of at this session, when the meeting adjourns, it adjourn to Wednesday evening, March 19, 1941 at eight o'clock.

On motion of Mr. Adams, duly seconded, it was unanimously

Voted: That at 8:27 P. M. the Annual Meeting be recessed until the business of the Special Meeting called for 8:30 P. M. is completed and that in no event shall the recess of the Annual Meeting extend beyond the time at which said Special Meeting adjourns.

On motion of Mr. Adams, duly seconded, it was unanimously

Voted: That Article 2 be taken up.

Article 2 taken up (Choice of other Town Officers).

On motion of Mr. Adams, duly seconded, it was unanimously

Voted: That the following be appointed Measurers of Wood and Bark.

Arthur B. Peirce Charles E. Hale Patrick P. Brosnahan

There being no further business under Article 2 the Moderator declared it disposed of.

On motion of Mr. Adams, duly seconded, it was unanimously

Voted: That Article 3 be taken up.

Article 3 taken up. (Reports of Selectmen, other Town Officers and Committees.)

On motion of Mr. Adams, duly seconded, it was unanimously

Voted: That the reports of the Selectmen and of the various Town Officers and the committees heretofore appointed, together with the statistics of the Assessors as printed in the Town Report, be received.

On motion of Mr. Cousins, duly seconded, it was unanimously

Voted: That the report of the Finance Committee as presented in its printed form be received.

Mr. Harris requested that the reading of the Report of the Committee to study the creation of a central purchasing department be deferred until Article 50 was taken up, and there being no objection his request was granted.

Mr. William Patterson read the following report of the special parks and playgrounds committee.

During the past year, the Special Committee on Parks and Playgrounds has continued its work of planning for the most efficient development of the playgrounds and parks of the Town, with frequent meetings of the committee and a great deal of work done outside the meetings by individual members. During April and May the committee met every week, in the effort to get the Wellington tennis courts built in time for summer use. Plans and specifications complete for these courts were turned over to the Park Commission on May 13th.

Careful studies were made of other plots also. Plans, specifications and estimates drawn up by qualified committee members or by the Engineering Department were submitted to the committee for discussion, after which the plans were usually revised. Second and even third revisions sometimes followed.

In addition to the study of proposed developments, the committee has acted in a liaison capacity between the Engineering Department, the Board of Public Works, the Unemployed and the Park Departments, for the execution of a variety of tasks. Next year we expect to arrange for still greater use of the unemployed on playground projects.

The plans and cost estimates shown in the pamphlet which is already in the hands of Town Meeting Members, represent the planning work of the committee, to date.

Respectfully submitted,

Esther M. Wyman, Secretary

which was unanimously received.

On motion of Mr. Cousins, duly seconded, it was unanimously

Voted: That Article 3 be laid on the table.

On motion of Mr. Cousins, duly seconded, it was unanimously

Voted: That the remaining Articles in the Warrant be now taken up separately in the order in which they appear in said Warrant, and that the recommendations of the Finance Committee under said Articles as presented in their printed report be considered as now before the meeting, to be voted upon without further motion, separately, under the respective Articles as they appear in said report.

Article 4 taken up (Town Outlays and Expenses).

The Finance Committee recommends that sums be appropriated to defray Town outlays and expenses for the year 1941, to be raised by general tax except as otherwise specifically voted, and expended, and the disposal of personal property be authorized, all under the direction of the respective department heads as follows:

Mr. Harris offered the following substitute motion:

The Finance Committee recommends that sums be appropriated to defray Town Outlays and expenses for the year 1941, to be raised by general tax except as otherwise specifically voted, and expended, and the disposal of personal property belonging to the town be authorized, all under the direction of the respective department heads, as follows: but it was ruled out of order by the Moderator.

Upon the recommendation of the Finance Committee it was

Voted: That sums be appropriated to defray Town outlays and expenses for the year 1941, to be raised by general tax except as otherwise specifically voted, and expended,

There being no further business under Article 2 the Moderator declared it disposed of.

Article 3 taken up. (Food Stamp Plan.)

The Finance Committee recommended the following:

That the Board of Selectmen be and hereby is authorized in the name of the Town to participate in the Food Stamp Plan of the Surplus Marketing Administration, an agency of the United States Department of Agriculture, relative to the distribution of "surplus food" as defined by the Secretary of Agriculture of the United States; that the sum of ten thousand (\$10,000) dollars be and hereby is appropriated to be raised by general tax and expended under the direction of said Board for the purpose of "food stamps" as defined by said Secretary of Agriculture or for other

purposes relating to such Food Stamp Plan or surplus food; and that the said Board, be and hereby is authorized to take such action and execute such agreements in the name of the Town as may be requested or desired by the said Administration in connection with such stamps, plan and surplus food.

Mr. Cousins offered the following substitute motion:

That the Board of Selectmen be and hereby is authorized in the name of the Town to participate in the Food Stamp Plan of the Surplus Marketing Administration, an agency of the United States Department of Agriculture, relative to the distribution of "surplus food" as defined by the Secretary of Agriculture of the United States; that the sum of ten thousand (\$10,000) dollars be and hereby is appropriated to be raised by general tax and expended under the direction of said Board for the purchase of "food stamps" as defined by said Secretary of Agriculture or for other purposes relating to such Food Stamp Plan or surplus food; that the said Board be and hereby is authorized to obtain such federal surplus food or commodity stamps from the federal government and to sell any such stamps; that the money received from such sales be set aside as a separate fund and may be expended, under the direction of the said Board or by the person or department designated by said Board, without appropriation, for the purpose of purchasing additional federal surplus commodity stamps; and that said Board be and hereby is authorized to take such action and execute such agreements in the name of the Town as may be requested or desired by the said Administration in connection with such stamps, plan and surplus food or commodities.

which on being put to a vote was duly carried, and thereupon it was unanimously

Voted: That the Board of Selectmen be and hereby is authorized in the name of the Town to participate in the Food Stamp Plan of the Surplus Marketing Administration,

an agency of the United States Department of Agriculture, relative to the distribution of "surplus food" as defined by the Secretary of Agriculture of the United States: that the sum of ten thousand (\$10,000) dollars be and hereby is appropriated to be raised by general tax and expended under the direction of said Board for the purchase of "food stamps" as defined by said Secretary of Agriculture or for other purposes relating to such Food Stamp Plan or surplus food; that the said Board be and hereby is authorized to obtain such federal surplus food or commodity stamps from the federal government and to sell any such stamps; that the money received from such sales be set aside as a separate fund and may be expended, under the direction of the said Board or by the person or department designated by said Board, without appropriation, for the purpose of purchasing additional federal surplus commodity stamps; and that said Board be and hereby is authorized to take such action and execute such agreements in the name of the Town as may be requested or desired by the said Administration in connection with such stamps, plan and surplus food or commodities.

Maturing Town Debt

Mr. Joseph F. Beecy offered the following resolution:

Voted: That a committee of seven be appointed by the Moderator to investigate all legal documents in the Town of Arlington associated with the changes of the Town By-Laws, which changes were accepted at the Special Town Meeting, October 3, 1938, under Article 12 of said meeting. Said committee to be instructed to determine the legality of these papers and to bring back to this body the legal interpretations of said documents in accordance with and subject to the General Laws of Massachusetts. Said committee to consist of the Town Clerk, the chairman of the Board of Registrars; one Selectman (preferably the chairman); three Town Meeting Members—one from East Arlington, one from Arlington Center and one from Arlington Heights; and one citizen who is an active member of the Bar Association. Said committee to report not later than the Annual Town Meeting of 1942.

As Mr. Beecy took the floor a motion was made to adjourn, and on being put to a vote the Moderator declared the motion carried; and the meeting adjourned at 10:55 P. M.

Article 50 taken up. (Expenses of Committee Re-Purchasing Department or Purchasing Agent.)

Mr. Harris read the following report on behalf of the Committee studying the advisability of a central purchasing department, which was duly received.

PROGRESS REPORT of the COMMITTEE TO STUDY THE ADVISABILITY OF A CENTRAL PURCHASING DEPARTMENT

Your committee appointed to investigate and study the advisability of the town creating a central purchasing department, or a purchasing agent to be added to the town's personnel with the intention of economizing by bulk purchasing or other means, submits the following progress report:

Throughout the past several months, your committee has been actively engaged in its investigations. Eight meetings have been held,

- 1. To build up a background through study of reports and pamphlets on the subject of purchasing.
- 2. To interview purchasing agents and officials who buy for other towns and cities.

- 3. To ascertain the amounts spent in Arlington in 1940 for supplies and materials.
- 4. To interview some of the department heads as to the methods of purchasing supplies and materials for town uses, and
 - 5. To analyze all of the information procured.

The problem of savings through a central purchasing system, as related to Arlington, is one that requires considerably more study than has been made to this date. However, at this time, the committee is of the opinion that, in all probability, it will be able to render a final report by the next town meeting, special or otherwise. From the investigations so far conducted, it has segregated the advantages and disadvantages of a central purchasing system which, in their application to Arlington, must remain theoretical pending further study. However, considerable progress has been made.

In Arlington, there is some planned quantity buying, and, with the progress of study made to date, your committee feels that the town departmental purchasing is conducted reasonably well. The committee believes, however, that some material improvements can probably be made as a result of further study and supervision, which recommendations will be incorporated in the final report.

As this committee was formed in 1940 and no funds were set aside for its operation, a special article has been inserted in the Warrant of this year to obtain the necessary funds to continue the proper investigations. The members have personally defrayed all expenses to date. There is considerable clerical work to be done, some compiling of figures, some mailing expenses and the printing of the final report. It is the unanimous opinion of the committee that unless such funds are provided the committee will be unable to finance the cost of any further investigations, and

therefore, we hope the town meeting members will vote in favor of such funds, as recommended by the Finance Committee under Article 50.

Respectfully submitted,

HENRY E. HALPIN, Chairman GEORGE A. HARRIS, Secretary FRED R. BUCKLEY HENRY E. CASTELLON RUSSELL HAMLET HAROLD E. MAGNUSON CURTIS L. VARNER

On motion, duly made and seconded, it was unanimously

Voted: That the sum of one hundred fifty (\$150) dollars be and hereby is appropriated for the use of the Committee appointed under Article 4 of the Warrant for the annual meeting of 1940 to investigate and study the advisability of the Town creating a central purchasing department or a purchasing agent to be added to the Town's personnel; said sum to be raised by general tax and expended under the direction of said committee.

CONSTABLE'S RETURN

Arlington, Mass., December 12, 1941

Middlesex County

By virtue of this Warrant I have notified and warned the legal voters of the Town of Arlington to meet at the time and place and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the Town, and by posting an attested copy at the doors of the Town Hall seven days at least before said day of meeting and by posting attested copies in two or more conspicuous places in each voting precinct in the Town. A notice of the time, place and objects of the meeting was published in the local papers.

JAMES J. GOLDEN, JR., Constable, Town of Arlington, Mass.

SPECIAL TOWN MEETING

Arlington, Mass., December 15, 1941

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Arlington, by a constable of the said Town and notices sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members duly elected and qualified to act in Town Meetings in Arlington, the Town Meeting Members met at the Robbins Memorial Town Hall in said Town on Monday, December 15, 1941 at 8:00 in the evening.

Lists of the duly qualified Town Meeting Members were used at the entrances to the meeting place and were in charge of Philip T. Robinson and James E. Sweeney.

The check lists filed with the Town Clerk at the close

of the meeting showed that one hundred and seventy-nine attended the meeting.

The Moderator called the meeting to order at 8:15 P.M.

The Moderator administered the oath to Town Meeting Members who had not been previously sworn.

Mr. Adams requested that Selectman Estabrook; the Secretary of the Board of Selectmen, Mr. Golden; Mr. Marsh of the Board of Public Works, and the Town Counsel of Winchester, Mr. Addison R. Pike, be permitted to sit with him, and his request was granted.

The Town Clerk read the Call and the Constable's Return of the Warrant; the reading of the remainder of the Warrant was waived by consent of the meeting.

On motion of Mr. Adams, duly seconded, it was unanimously

Voted: That if all the business of the meeting as set forth in the Warrant is not disposed of at this session when the meeting adjourns it adjourn to Friday evening, December 19, 1941 at 8:00 o'clock.

Mr. Adams presented the following resolution on the death of the late Paul M. White, Town Counsel, which on a rising vote was unanimously adopted.

The death of Paul M. White on Thursday, December 4, 1941, was an irreparable loss to his legion of friends and to the Town of Arlington. With bowed heads we take note of his departure and sorrowfully acknowledge our loss.

He was an assiduous student of law. His services to Arlington as Town Counsel for nearly twenty years merit our commendation and praise, the value of which can only be appreciated by those who know the duties of the office and the character of the man who performed them. His genial and friendly personality, his willingness to serve at all times, regardless of personal inconvenience, captivated the hearts of all who had the pleasure of knowing him. Untiring in his devotion to his work, he gave to the Town unsparingly of his time and ability. Honesty and integrity motivated him in everything. He was sincere, gentle, patient, noble, a true Christian.

The memory of what Paul M. White was and what he did will ever be an inspiration to us all.

THEREFORE, BE IT RESOLVED, That the citizens of the Town of Arlington, by their representatives in Special Town Meeting assembled, inscribe upon the records this expression of their appreciation of the high sense of public duty, the honest, courageous and efficient manner in which Paul M. White performed his duties and for his devoted loyalty to the interests of the Town.

AND BE IT ALSO RESOLVED, That a copy hereof be forwarded to his family as an expression of sympathy.

REPORT OF THE BOARD OF SELECTMEN

Harold M. Estabrook was re-elected a member of the Board of Selectmen at the Annual Town Election held March 3, 1941. The Board organized at the meeting of March 10, 1941, with William C. Adams as Chairman and James J. Golden, Jr., as Secretary.

Fifty-two (52) regular meetings and nine (9) special meetings of the Board were held during the year 1941 for the disposition of the routine business and special matters brought to the attention of the Board.

With the aim of preparing the civilian population to care for and defend itself against aggressive action on the part of potential enemies, the Arlington Civilian Defense Committee was organized in June 1940, by request of the federal government, through the Governor. Under the able direction of Walter T. Chamberlain, whom the Board of Selectmen appointed as Chairman, the Committee, now known as the Arlington Committee on Public Safety, has devoted much time and a great deal of effort to accomplish this aim. The dastardly attack launched by Japan upon our forces at Pearl Harbor on December 7, 1941, catapulted the United States of America into the conflict in which most of the world is involved and emphasized the need for preparedness. Due to the foresightedness and untiring efforts of the Arlington Committee on Public Safety, there are more than one thousand of our citizens trained or in training as air raid wardens, auxiliary police, auxiliary firemen, first aid workers, etc. The Committee merits much commendation for the tremendous amount of time and strength it has conscientiously devoted to the development of this important unit of civilian defense which has been shown by experience in England to assume an important role in the type of warfare chosen by modern belligerents to be most effective. We are pleased to report that Arlington has developed this training to the point

where it may be considered to be in the forefront in a comparison of cities and towns in this Commonwealth.

It is gratifying to report that there has been a marked reduction in the expenditures for public welfare during the past year, due in great measure to the increased employment resultant from the industrial activity caused by federal expenditures in connection with the war efforts. Thus, it was possible to close the year 1941 with an unexpended balance of approximately forty thousand (40,000) dollars in the Public Welfare Department and a further reduction is anticipated for the coming year. Other forms of welfare aid, such as Old Age Assistance, have shown and will continue to show a progressive increase for the near future, due to the nature of the assistance provided.

The Work Projects Administration and Unemployment Relief programs were similarly affected by the improved industrial conditions, which, being recognized by the federal government, resulted in general quota reductions throughout the year and an unexpended balance remaining from the funds appropriated for various proposed projects of approximately forty-two thousand (42,000) dollars. The number of unemployed persons residing in Arlington has also been reduced for the foregoing reasons and it is the hope of the Board that the conditions which required the establishment of this department may soon disappear, thereby justifying the discontinuance of work of this nature.

During the year 1941 the federal government, upon the application of the Board of Selectmen, approved the Town of Arlington as a participant in the Food Stamp Plan. This has made available to families qualified to receive this type of aid, additional commodities classed by federal authorities as "surplus commodities," to the value of fifty per cent of their food allotments. We desire to express to the officials of the Menotomy Trust Company the appreciation of the townspeople for their cooperation in making available a fund of ten thousand (10,000) dollars for the establishment of the revolving fund required to place the Plan in operation.

Under Article 55 of the Warrant for the Annual Meeting of 1941, the Town Meeting voted to accept the provisions of the General Laws making mandatory the granting of one day off in every six to members of the Police Department. As reports of other years have indicated, the Department was already handicapped by being undermanned and, following the adoption of the plan of one day off in six for each man, coupled with a series of absences caused by illness, it was imperative that the department be increased by the addition of three men to avert what constituted a serious lack of protection in the Town. Chief Archie F. Bullock has been active in the development of the affairs of the Committee on Public Safety in Arlington and in the Commonwealth and merits commendation for the excellent auxiliary force which has been trained under the direction of his department for use in possible emergency.

Under the capable guidance of Chief Tierney, the Fire Department continues to serve the Town in an efficient manner. The problem of increasing the manpower of the department to a reasonable number for the protection of the Town, referred to in reports of other years, remains unsolved, but it is hoped that the year 1942 will find the Town in a position to accept the recommendation of the Board for the increase which will allow a practicable number of men to man the mechanical equipment. Chief Tierney has, under the direction of his department, trained an auxiliary fire department which is a credit to the department and an asset to the Town. He has also devoted much time to the study of the Civilian Defense Program in Arlington and has been appointed on the Committee formulating the plans for the Commonwealth where commendable work has been the result.

A committee consisting of the Chairman of the Board of Selectmen, Chairman of the Finance Committee, Chairman of the Board of Public Works, Chairman of the Planning Board and the Town Accountant, was appointed by the Board of Selectmen and is known as the Advanced Programming and Budgeting Committee. The purpose of this Committee is to develop a system of planning for the capital expenditures of the Town over a number of years. thereby providing a measure by which the requirements of the various departments of the Town may be viewed in their relative importance. It is the opinion of the Board of Selectmen that the absence of such a scheme of central planning has been a handicap to all departments in the past. Judging from the informal reports received from the Committee, the results when finally submitted will merit the great amount of time and effort which the Committee is devoting in its preparation of the material for the Plan.

Pursuant to the country's aim to devote every resource toward a successful conclusion of the conflict in which we find ourselves actively engaged, a Rationing Board was appointed by the Board of Selectmen at the request of the Governor of the Commonwealth. Offices for this Board have been temporarily established at Police Headquarters and a part-time executive secretary engaged to carry out the duties of the Rationing Board. As the number of rationed commodities increases, it will undoubtedly be necessary for the Board of Selectmen to make more permanent arrangements for the proper functioning of this Board.

This brief resume of the work of this year will indicate to the reader that the office of the Board of Selectmen has been required to assume a greatly increased amount of detail as a result of these hitherto unknown activities. We desire to record our commendation of the spirit with which the Secretary of the Board, James J. Golden, Jr., has assumed these duties which have required many overtime hours and to express our appreciation to him and to his staff whose members have shared the burden with him.

In conclusion we would again refer to the additional responsibilities which have been placed upon the heads of departments and reported in the foregoing and to express our appreciation to the heads of these departments and to their members, and also to the members of the Boards and Committees appointed by the Board of Selectmen during the past year. The responsibility for the success of the program assigned to the Town of Arlington, which includes the bearing of our share of the all-out effort of the United States of America to preserve our rights and liberties as members of this community and state and nation against aggression has not been misplaced and the result in Arlington will add materially in the eventual victory of our way of government.

Selectmen of the Town of Arlington

REPORT OF THE PUBLIC WELFARE DEPARTMENT

January 1, 1942.

Honorable Board of Selectmen,

Town Hall,

Arlington, Mass.

Gentlemen:-

I herewith submit my report for the Welfare and Soldiers' Relief Departments and the Bureau of Old Age Assistance for the year ending December 31, 1941.

A substantial reduction in expenditures for Welfare Aid as compared with previous years (41% less than 1940) was largely a result of the availability of private employment during the year. The other categories of relief, Old Age Assistance and Aid to Dependent Children, which are not affected directly by unemployment conditions, continued to increase in case load as well as expenditures.

STAMP PLAN

This plan was approved and adopted by the Board of Selectmen and became operative March 10, 1941. Families in all categories of public relief became eligible to purchase these stamps in designated amounts under the provisions and regulations of the Federal Surplus Marketing Administration and State Department of Public Welfare.

From March 10 to December 31, 1941, the amount of \$48,252 was expended by relief families for the purchase of food stamps and \$23,056 in "Blue Stamps" redeemable at local merchants for certain designated surplus foods, was issued free. Prior to the adoption of this plan surplus foods were stored and distributed directly by the Welfare Department. Relief families, local merchants and the Town have benefited as the result of adoption of this plan.

REPORT OF THE FIRE AND POLICE SIGNAL SYSTEM

January 1, 1942

Honorable Board of Selectmen

Town Hall

Arlington, Massachusetts

Gentlemen:

I have the honor to present my Eleventh Report as Superintendent of the Fire and Police Signal System for the year ending December 31, 1941.

The salaries of the two men assigned to maintain the Fire and Police Signal System are included in the payroll of the Fire Department.

FIRE ALARM

Installed eight new boxes:

Box 554 Massachusetts Avenue-Clark Street

Box 62 Moulton Road-Coleman Road

Box 155 Waldo Road-Amsden Street

Box 289 Colonial Drive-Cheswick Road

Box 681 Pine Ridge Road-Spring Avenue

Box 5512 1083 Massachusetts Avenue—Public Works Department, Master Box with three auxiliaries: water shop, storage building, and garage

Box 869 Park Avenue-Concord Turnpike

Box 684 Eastern Avenue-Chester Street

Installed tappers in the homes of:

Deputy Chief John M. Tierney, 15 Burton Street

- James M. Keane, Town Engineer, 10 Jason Court, Assistant Chief, Auxiliary Fire Department
- Harold C. Knight, 33 Walnut Street, Deputy Chief, Auxiliary Fire Department
- March 9. Snow Loader struck Pedestal 31, Massachusetts Avenue-Medford Street, breaking pedestal top and post.
- October 11. Circuit 5 opened at Gray Street-Coolidge Road when line broke in tree.

W. P. A. CONSTRUCTION PROJECTS

April 1. Renewed underground cables on Massachusetts Avenue from Everett Street to Winter Street, replacing the 6 and 8-conductor cable with 16-conductor.

Removed loop to 6" tapper in Public Works Garage, Hobbs Court. Lines run from new test pedestal from Public Works Drive to conform with new Box 5512 installation in the Public Works Yard.

- June 12. Renewed cross-arms and line wires to Box 642 on Oakland Avenue from Appleton Street to Gray Street.
- July 23. The 2- and 4-conductor cables on Medford Street from Massachusetts Avenue to Chestnut Street were cut into telephone company cable to free duct while telephone company made necessary cable changes. On October 23, a 10-conductor cable was installed and cut over.
- October 28. Renewed the wooden base of the Crosby School Bell Tower.

Park Avenue Construction. A 25-conductor cable was pulled in from Massachusetts Avenue to Park Circle Fire

Station and the underground conduit was completed and in service September 25. Removed the 10-conductor aerial cable. Installed Fire Alarm Box 86 and Box 824 in pedestals.

Brattle Street Construction. Installed underground conduit on Brattle Street from Massachusetts Avenue to Summer Street and September 5 pulled in a 10-conductor cable. It was not cut into service.

Mystic Street Construction. Installed underground conduit on Mystic Street from Mystic Valley Parkway to Glen Avenue. On December 23, a 27-conductor cable was pulled in and put into service. It replaced 10-conductor aerial cable. This conformed with new telephone construction. The telephone company opened and closed the trenches. Installed Fire Box 354 in pedestal.

Lake Street Construction. Installed underground conduit on Lake Street from Massachusetts Avenue to Concord Turnpike. Completed only to Cabot Road.

July 21. Replaced 2-conductor lead cable with 6-conductor from Pedestal 53, Massachusetts Avenue to High School to Police Box 321 at Warren A. Peirce Playground. Replacement was necessary for the installation of Police Box 321.

BATTERY CONSTRUCTION

April 16. Installed rectifier system in Fire Alarm Battery Room at Headquarters replacing the old system of cycle charging. It necessitated rebuilding the charging board and battery rack. The work was completed May 23.

MUTUAL AID

The Somerville Mutual Aid Circuit was cut into 10-conductor cable on Broadway from Cleveland Street to a

Somerville police box pedestal near the Somerville-Arlington line. This cable replaced a 2-conductor cable which was grounded.

The Boston Mutual Aid was installed at Fire Headquarters, December 4. It was made possible by the City of Somerville. They installed a pair of wires from their fire alarm office to the Arlington line.

A 12-station Teletalk replaced the 6-station Teletalk at Headquarters and the 6-station Teletalk was installed at Park Circle Station. This completed intercommunication with the three Stations.

A Simplex Time Recorder was installed at Headquarters.

Arranged and installed all Christmas decorations and illumination at Monument Park, Town Hall, Fire Head-quarters and Highland Fire Station.

SPECIAL CALLS

63 emergency calls were received by radio from Headquarters while men were engaged in construction and repair work.

- 23 persons were admitted to their homes.
 - 8 cats were rescued from trees or poles.
- 22 transfers of lines to new poles.

POLICE SIGNAL SYSTEM

February 19. Installed Police Box 421 at Lowell Street-Park Avenue.

March 6. A 4" wall tapper replaced 6" turtle gong at Police Headquarters.

July 21. Box 421 at Lowell Street-Park Avenue, a 3-call box, replaced by a 7-call box. The 3-call box was renumbered 321 and installed in police pedestal at the Warren A. Peirce Playground.

December 16. Installed a telephone in the home of Police Radio Technician, William Woodbury, 106 Mt. Vernon Street.

July 25. Police Circuit 3 was opened at junction pole, Brattle Street-Summer Street, when storm broke line.

RECOMMENDATIONS

I recommend the continuance of placing wires underground until the entire system is completed.

For the year 1942 I recommend an appropriation of \$4,750.

1941 appropriation Expended	965.00 960.23
Balance	\$ 4.77

The Fire and Police Signal System is ably handled by Lester W. Cameron who is a willing worker, ready and anxious to assist on every occasion.

REPORT OF DR. KINGMAN

Dr. Winslow M. Kingman, Department Surgeon, responded to 69 alarms, and made 81 office calls and visits as follows:

Firemen treated at fires	5

FIRE PREVENTION

The Department made 16,919 inspections of all business places and public buildings. This number is about 400 less than last year due to the fact that we were deprived of the use of the Deputy Chief's car for a considerable period. For the past few years since the firemen have been doing inspections on their "off-time" we have used this car to inspect all of the places in the outlying sections.

This year the total loss from the four fires in this type of building amounted to \$2,131.49. It is ample proof that regular and systematic inspections coordinated with good housekeeping of the owners and proprietors does "put them out before they start."

Record of previous years: 6 in 1940, 3 in 1939, 3 in 1938, 5 in 1937, 4 in 1936, 7 in 1935, 4 in 1934, 3 in 1933, 6 in 1932 and 3 in 1931.

INSPECTION OF DWELLINGS

For the eighteenth consecutive year, firemen willingly gave their time in an effort to keep Arlington's record clean and free from loss of life by dwelling fires.

That the people of Arlington, nearly all of them, are "fire conscious" is well known to the firemen who visit their homes annually. The householders courteously receive the inspectors and are grateful for any advice which will make their homes more free from potential fire hazards.

I would caution all who are saving papers in the interest of National Defense to be careful not to "hoard," but to dispose of them frequently. They should be tied tightly in bundles and should not be stored under the meter board nor near the heater. Papers can be kept safely and with a little care, lives will not be jeopardized in an effort to help in a worthy cause.

Only eight fires occurred in residential cellars during the year.

Record of past years: 10 in 1940, 10 in 1939, 11 in 1938, 12 in 1937, 9 in 1936, 11 in 1935, 9 in 1934, 11 in 1933, 7 in 1932 and 11 in 1931.

The following is data compiled as a result of Dwelling House Inspections:

1941	•	1940

FIRE DRILLS IN SCHOOLS

Fire drills were given in all public, parochial and private schools.

A record was taken of the number of classrooms, pupils, exits used and the time required to vacate each building, a copy of which was sent to the School Department.

Our test drill clearly shows that much attention has been given to the training of the pupils by the principals and all of our school buildings can be quickly evacuated in any emergency. Supervision of the buildings and janitor service is maintained at a high standard.

Four hundred and fifty-six fire extinguishers were recharged in schools and other public buildings, garages and factories.

AUXILIARY FIRE DEPARTMENT

On June 10 plans were made for an Auxiliary Fire Department. The training and drilling of eighty men began June 16 and continued four nights each week until August 1 on which date seventy-eight received diplomas.

These men were intensely interested in the work, faithful in attendance and thoroughly performed every duty assigned them. They are a valuable adjunct to our regular Department in any emergency.

A portable drill tower was loaned to us by Chief Samuel J. Pope of Boston and erected by his men in the rear of the Senior High School. On Sunday, October 19, a public drill by the Auxiliary Firemen was witnessed by hundreds of our citizens who were loud in their praise of the splendid manner in which these men performed the most difficult evolutions.

Captain Richard J. Tierney, Instructor in charge of their training, has been assigned Chief of the Auxiliary; James M. Keane, Assistant Chief, and Harold C. Knight, Deputy Chief. A new group began instruction December 17 and will continue training until the course is completed.

Two Trailer Pumps, each with a capacity of 600 gallons of water per minute, with some necessary equipment, rubber coats and boots for the Auxiliary Force were purchased through the fifteen-thousand-dollar emergency appropriation voted by the Special Town Meeting, December 15.

RECOMMENDATIONS

I recommend that \$135,617.75 be appropriated for the year 1942.

Again I am asking for four additional firemen. There has been no addition to the force since 1931. To keep up the standard of the service required, it is imperative that more men be added to the Department.

Also, I recommend a heavy duty chassis for the Special Service Truck (emergency) which was purchased in 1930. The present truck loaded weighs 10,620 pounds without men. It is very slow, hardly able to negotiate the grades.

In conclusion, I thank the Honorable Board of Selectmen for the splendid cooperation and many kindnesses shown me during the past year. I am grateful to the Secretary of the Board, James J. Golden, Jr., for the many courtesies extended; to the Town Engineer, James M. Keane, for his invaluable assistance; to the Police Department for unfailing support; and to my own officers and men for loyalty and devotion to duty which have done so much for the efficiency of the Department.

REPORT OF THE GYPSY AND BROWN TAIL MOTH DEPARTMENT

The Honorable Board of Selectmen

Arlington, Mass.

Gentlemen:

I herewith submit my report of the Gypsy and Brown Tail Moth Department for the year ending December 31, 1941.

The town as a whole is in good condition in regard to these injurious insects, but the same attention must be paid in the future as has been done in the past if we want to check them. The proper method of control is creosoting the egg clusters during the winter months, followed up by spraying in the spring.

Due to the fact that a W. P. A. project for the elimination of all leaf-eating insects was not approved by government officials last year, there was a very noticeable increase in Tent Caterpillars this year.

Many of the vacant lots owned by the Town that have been growing wild with underbrush during recent years, were cleared out by a group of young men from the N. Y. A. They also removed many dangerous limbs and dead trees from these lots.

The Elm Leaf Beetle again this year was very abundant throughout the entire town and made it necessary to spray all public Elm trees a second time. This insect in recent years has become very dangerous and if continued care is not given them in our spraying program each year we will stand to lose many of our old and stately Elms.

The Dutch Elm Disease, although detected in the western part of the state, near the New York line, has not made its appearance in this town as yet. Field workers from the Massachusetts State College have made an intensive inspection of the entire town and no symptoms were found. Many people have mistaken this disease for the Elm Leaf Beetle and this office has received numerous complaints concerning it, but after careful investigation it was found that in each case their particular trees were being defoliated by the Elm Leaf Beetle, and in most cases the complainant had them sprayed.

There was a slight infestation of Canker Worm on some of the Oak trees, and Satin Moth on the Poplars, but the damage was slight and barely noticeable. The Oriental Moth was practically extinct this year except for one or two outbreaks in East Arlington on the Norway Maples.

There was a noted increase in the amount of Fall Webworm on private estates this year, especially on some of the side streets off Medford Street. I would strongly advise the owners of these trees, which are mostly wild cherry trees, to cut them down, as they are nothing but insect breeders.

Traffic conditions today hamper our spraying a good deal due to parking of cars on the street, and heavy traffic during the middle of the day. Because of these conditions all through ways in the town were sprayed in the early morning hours before traffic became heavy.

All street trees in the town were sprayed and all private property owners who wished their estates sprayed, were given the services of this department, in turn making a remittance to the Town for the amount of work done.

In conclusion I wish to thank the Board of Selectmen, its Secretary, the men of the department, and all Town Officials, for their courtesy and whole-hearted co-operation during the entire year.

Respectfully yours,

GEORGE M. DOLAN, Superintendent.

Comparison with 1939 - 1940 458 1940 - 1941 465

During the past year your Police Department has prepared itself as far as possible so that it will be able to cope with any disaster or any other incident that may arise whether it be fire, flood, hurricane or war.

A force of three hundred Auxiliary Police Officers have been organized and trained to assist the police in any sort of an emergency. These men have all been finger-printed and checked and are of the highest type of citizen and have all been sworn in as special police officers.

I wish to take this opportunity to express my appreciation for the cooperation and assistance of your Honorable Board during the year, and all officials of the Town Government, together with all those citizens who have in any way assisted the Department during the year.

Respectfully submitted,

A. F. BULLOCK Chief of Police.

Number of complaints registered with me to remove dead or mutilated animals from the highway as follows:

Number of Dogs	84
Number of Cats	224
Number of Skunks	39
Number of Pigeons	28
Number of Squirrels	

At this time I wish to thank the Board of Selectmen for advice rendered me in settlement of controversies arising between Dog Owners and complainants, to thank Chief Bullock for his splendid cooperation through his department.

My thanks to the Dog Owners of Arlington for prompt attention in the licensing of their Dogs during the past year.

Respectfully submitted,
SAMUEL F. FEMIA,
Dog Officer, Town of Arlington.

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

To the Honorable Board of Selectmen Arlington, Massachusetts Gentlemen:

The Thirty-eighth Annual Report of the Joint Board of Selectmen and Board of Public Works for the year ending December 31, 1941, is herewith submitted, pursuant to Section 3 of Article 3 of the Town's By-Laws.

At the Annual Election held March 3, 1941, Mr. Harold M. Estabrook and Mr. Willard A. Wallace were reelected members of the Board of Selectmen and of the Board of Public Works, respectively, for terms of three years and, by virtue of such elections, both continued as members of this Board. On March 10, 1941, the Board organized with Mr. William C. Adams as Chairman and Mr. James R. Smith as Vice-Chairman.

The regular bi-monthly meetings of the Board were continued as heretofore. The Board, in addition, held thirteen special meetings during the year.

It is with deep regret that we record the passing of the Town Counsel, Mr. Paul M. White, on December 4, 1941. For nearly twenty years he served the Town faithfully and conscientiously. The Resolution adopted at the Special Town Meeting held December 15, 1941, expressing appreciation of his devoted loyalty to the interests of the Town, appears in the Town Clerk's Record of Town Meetings and Elections.

Elsewhere in the Town Report are reports of the accomplishments of the departments under the jurisdiction

of the Board. The information contained therein is further amplified by the following facts:

NEW STREETS

At the Annual Town Meeting the sum of fifty-nine thousand, six hundred fifty-nine (59,659) dollars and eight (8) cents was appropriated under the provisions of law authorizing the assessment of betterments for the construction of the following seven streets:

Aberdeen Road, from Sutherland Road to Dundee Road

Fayette Street, from No. 19 to Glenburn Road

Glenburn Road, from Park Avenue to Hillcrest Street

Hillside Avenue, from Wachusett Avenue to George Street

Huntington Road, from Forest Street to Park Avenue Extension

Scituate Street, from Longfellow Road to Eastern Avenue

Venner Road, from Hillsdale Road to Pleasant Street

The details thereof appear in the Report of the Board of Public Works.

STREET LIGHTING

The street lighting schedule was continued as in previous years. Additional lighting has been provided on private and public ways where it was deemed necessary.

The lighting on Lake Street, from Massachusetts Avenue to the Concord Turnpike, was improved by increasing the candlepower of the lamps from 80 c.p. to 250 c.p., thereby providing safer night driving for motorists and added protection for pedestrians.

SIDEWALKS AND EDGESTONES

The construction of permanent sidewalks and the installation of granite edgestones, under the provisions of law authorizing the assessment of betterments, with labor furnished by the Work Projects Administration, were furthered substantially on many streets during the year. This project continues to be immensely popular. There are on hand numerous applications for such work received in 1941, but not considered because of the lack of sufficient funds, which will receive priority in 1942 construction.

BOARD OF SURVEY PLANS

The Board, sitting as the Board of Survey, held public hearings and final approval was given to the plans and profiles of the following streets:

Spy Pond Parkway, from a point near Princeton Road to Kelwyn Manor

Spy Pond Parkway, from Kelwyn Manor to Lake Street

Magnolia Street, from Herbert Road to the Boston and Maine Railroad

A public hearing was also held on the application of the Monadnock Realty Trust for the approval of layout of Beverly Road located on the easterly side of Mystic Street in the former Niles Estate. The Board has not taken any action on the application as yet.

The plan and profile of Dorothy Road was changed by obliterating the lines of the unnamed way shown thereon, as extending southerly from Dorothy Road at station 4+99+.

ITEMS OF GENERAL INTEREST

Exterior lines were established on two sections of Spy Pond Parkway, vïz:—from a point near Princeton Road to Kelwyn Manor, and from Kelwyn Manor to Lake Street. Appropriations were made at the Annual Town Meeting providing for the alteration and reconstruction of Tufts Street, from Massachusetts Avenue to Broadway; of Gray Street northerly and southerly sides at Pleasant Street, and of River Street, westerly side at Warren Street. Details in relation to the expense of such work are included in the Report of the Board of Public Works.

Funds were appropriated at the Annual Town Meeting for the reconstruction of Mystic Street, from Summer Street northerly a distance of about thirty-seven hundred (3700) feet, and for maintaining, repairing and improving ways within the Town. The said appropriations were used with funds allotted by the Commonwealth and the County of Middlesex for such purposes. Reference is made to the Report of the Board of Public Works for more detailed information.

Numerous petitions were received during the year from the New England Tel. & Tel. Company and the Boston Edison Company for permission to locate, relocate and remove poles in and from public ways of the Town, for attachment privileges for wires and fixtures, and to place and maintain buried cable, manholes, handholes, with the wires and cables therein, markers and other fixtures in or under the surface of public ways. Hearings were held when required by law and the necessary orders adopted.

Formal request was made of the Boston Edison Company to place its wires underground on Massachusetts Avenue, from Highland Avenue northwesterly. However, the project was of necessity deferred because of order of the federal government under which no public or private construction projects using critical materials were permitted to start during the present national emergency, unless these projects were either necessary for direct national defense or essential to the health and safety of the people.

Permission was given the Arlington Gas Light Com-

pany to install, construct and maintain gas mains in various public ways where public convenience required.

The Board, in conclusion, wishes to express sincere appreciation to all Town officials, boards and departments for their assistance and cooperation during the year 1941. To the members of our staff, we are profoundly grateful for their loyalty, devotion to duty and support at all times.

Respectfully submitted,

WILLIAM C. ADAMS ERNEST W. DAVIS HAROLD M. ESTABROOK JAMES R. SMITH LOREN W. MARSH WILLARD A. WALLACE

REPORT OF TOWN PHYSICIAN

February 3, 1942

Honorable Board of Selectmen Town Hall, Arlington, Mass.

Gentlemen:

I have the honor to submit herewith, the report of the Medical Inspector of the Board of Public Welfare for the year ending December 31, 1941.

Due to the great National Defense effort, and the consequent reemployment, the number of Welfare recipients has been decreased considerably. Naturally, there is a corresponding decrease in the Medical Relief work.

The total number of calls made in 1941 was three thousand four hundred and three (3,403), compared to the three thousand nine hundred and twenty-nine (3,929) made in 1940, that is a decrease of over five hundred (500) calls.

This is the first year since the outset of the depression in which there has been an appreciable decrease in the number of calls.

Board of Public Welfare

REPORT OF THE BOARD OF HEALTH

In accordance with the Town By-Laws, the Board of Health herewith submits its annual report for the year ending December 31, 1941.

At the annual Town Meeting held March 3, 1941, Ernest R. Brooks, D. M. D., was re-elected a member of the Board of Health for a term of three years. Dr. Brooks qualified before the Town Clerk and was sworn to office on March 4, 1941. The Board met March 4, 1941 and organized for the year by electing unanimously, Ernest R. Brooks, D. M. D., Chairman. The first Monday of each month was set as the regular meeting date.

The personnel of the Board of Health is as follows:

Ernest R. Brooks, D. M. D., Chairman

Carl E. Barstow, M. D.

John S. Crosby

Appointments

J. Philip Bower, Agent and Clerk of the Board

Ezekiel Pratt, M. D., Bacteriologist and Physician to the Board

Edward F. Hand, D. M. D., Dentist

Helen M. Heffernan, R. N., Nurse and Dental Assistant

Arthur Taylor, Inspector of Slaughtering

- J. Philip Bower, Inspector of Slaughtering
- J. Philip Bower, Milk Inspector

In general there was no marked increase in cases of

reportable diseases for the year 1941. Measles, scarlet fever and whooping cough showed an increase in the number of reported cases, as compared with 1940.

This year it was felt that one Diphtheria Clinic would be sufficient to accommodate those wishing to take the treatment. As a result, the Spring clinic was eliminated and only the Fall clinic operated. This arrangement proved most satisfactory and met with very good response. The results are appended in tabulated form in this report.

The annual clinic for inoculating dogs against rables was conducted in the Spring when 885 dogs, of 1966 licensed in the Town, were given the treatment. The cooperation of resident dog owners is again solicited. Have your dog licensed on April 1st of each year and also have it vaccinated against rables, either at the clinic or by your veterinarian. In the case of a dog bite, be sure to determine the name of the owner of the dog involved and report this and the bite to the Board of Health office at once. Full cooperation in these matters will greatly reduce the cost to your Town in treating cases of dog bites.

The Dental Clinic service was continued as in former years. The results of this service are reflected in the general health of the school children of the Town.

As in past years, the waters of Spy Pond and the Reservoir were, under supervision of this Board, treated with copper sulphate to control the growth of Green Algae.

Licenses and permits, required by Statute Law and the Regulations of this Board, were issued upon receipt of applications.

The Board wishes to thank the Arlington Visiting Nurses Association, the School Department and the Ring's Sanatorium for their assistance and co-operation throughout the year.

Financial, mortality and morbidity reports, with those of appointees, are appended.

Respectfully submitted,

ERNEST R. BROOKS, D. M. D. Chairman

CARL E. BARSTOW, M. D. JOHN S. CROSBY

REPORT OF THE ARLINGTON EMERGENCY UNEMPLOYMENT COMMITTEE AND THE WORK PROJECTS ADMINISTRATION IN ARLINGTON FOR THE YEAR ENDING DECEMBER 31, 1941

Honorable Board of Selectmen

Arlington, Massachusetts

The annual report of the Arlington Emergency Unemployment Committee and the local Works Projects Administration is herewith submitted for the year ending December 31, 1941.

Unemployment Committee Activities

Total number employed in 1941—354
Minimum weekly load—76 in March
Maximum weekly load—116 in October
Average weekly load—97
Expenditures for wages—\$49,776.77
Expenditures for materials and equipment—\$3,202.57
Total—\$52,979.34

SUMMARY OF PROJECTS

CHARITIES

As heretofore, sewing for the needy comprised the chief activity. The production of this department as follows:

Women's garments	183
Girls' garments	1,394
Boys' garments	294
Men's garments	143
Bed quilts	300

Sand bags	948
Arm bands	1,100
Office chair covers	8
Total	4,370

All these garments were transmitted to the Welfare Department for ultimate distribution to needy recipients. This group of seamstresses, whose personnel was greatly increased subsequent to July 1st, due to the summary termination of the W. P. A. sewing project, also finished seat covers for the Tax Collector's Office, identification arm bands and sand bags for the National Defense Committee, repaired flags and made quilts for the Fire Department. All material for quilt production was obtained without cost at the salvage depots of the Federal Commissary Departments in Belmont and Charlestown. During the earlier months of the year a group of N. Y. A. girl workers augmented this group.

Until the W. P. A. toy repair project closed in the latter part of June, solicitors canvassed throughout the town for donations of used and discarded toys.

Workers were supplied as usual, assisting in the distribution of milk at the various stations of the Federal Surplus Commodities Division and the distribution of toys at Christmas.

INVESTIGATOR

As required by Federal regulations, an investigator was employed in making house visits to all applicants for W. P. A. and N. Y. A. Investigations were also made on applications for work allotted by the Unemployment Committee.

CLERKS AND TYPISTS

These workers were placed on temporary assignment to augment the various Town departments as necessary.

PARKS AND PLAYGROUNDS

A number of workers were assigned to assist the Park Department in the care and maintenance of the various parks. Recreation instructors were assigned to Spy Pond Field, Fenway Park and to the rear of the High School. This became necessary due to the closing of the W. P. A. Recreation Project.

TOWN BUILDINGS AND GROUNDS

Extensive alterations and repairs were made necessary particularly at the Robbins House due to W. P. A. project closings before stipulated work was finished and by reason of requests for alteration to existing set-ups necessary for the functioning of the Stamp Plan Division of Surplus Commodities. Temporary repairs at the Old Town Hall and Girl Scout offices and renovation of 1209 Massachusetts Avenue in anticipation of a N. Y. A. project for radio transmission instruction. Watchmen were assigned when necessary at the New Town Hall and Library grounds and at the rear of the High School.

POLICE AND FIRE DEPARTMENTS

Alterations and repairs were made subject to demand at various intervals particularly in the setting up and partitioning of quarters at the Police Station in the interest of local National Defense. Assistant janitors were supplied when needed.

SANITATION

Repairs to existing walls and cleaning were continued at North Brook, North Union Street and Dickson's Swamp. New retaining walls were made at Mill Brook following renovations at Mill Street.

SEALER OF WEIGHTS AND MEASURES

The regular duties of this official were augmented by the assignment of an assistant from this department.

HIGHWAYS

Street property damage caused by new street construction and reconstruction comprised the greater activities of this department. This work is necessary as Federal W. P. A. regulations do not provide for the construction and replacement of walls, walks, steps, driveways and grading. This work was effected on Bellington, Newport, Burton, Mary, Jason, Scituate and Fayette Streets, Glenburn, Venner and Bates Roads and Walnut Terrace. Similar work was necessary on the reconstruction of Tufts Street. Assistants were furnished in the painting of traffic signs and lines throughout the Town.

MISCELLANEOUS

Numerous and diverse activities come under this classification as follows: Maintenance of lanterns for all W.P.A. and Unemployed projects. Maintenance and distribution of tools and supplies to labor projects. Janitor service and emergency assistance on storm drains. Employment of a truck driver and assistant for the town-owned truck. Renovations and alterations at the Boys' Club furnished an ample degree of assistance in the management of this organization. Assistants and mechanics were furnished in the distribution of commodities and direct relief activities. Estimators were employed casually in the compilation of project proposals. Erection and flooding of skating areas at various school yards and playgrounds throughout the town. Matrons and special officers were supplied at Reservoir Beach during the summer season. Workers were furnished in the distribution of Town Reports to Town Meeting Members, installation of voting equipment, repair and maintenance of precinct boxes and voting lists throughout the town.

ABLE BODIED WELFARE RECIPIENTS

74 Welfare Cases were assigned to work (1315½ man days)

103 men assigned to work out Poll Tax (103 man days)

WORK PROJECTS ADMINISTRATION

The year 1941 brought radical changes in the W. P. A. set-up. Within the first six months, many projects consisting chiefly of white collar and the projects operating in the interest of social welfare were summarily closed. The remaining active projects were limited to manual labor activities.

The maximum number of workers—461 in February. The minimum number of workers—296 in October.

FEDERAL SURPLUS COMMODITIES

This project functioned throughout the year with the distribution of Federal Food Stamps and the issuance of milk under the direction of the Surplus Food Commodities project, to W. P. A. and Welfare recipients. This service of Town residents on the W. P. A. payroll was augmented by a number of workers from the unemployed organization.

FEDERAL HISTORICAL RECORDS AND MUSIC

These Federal State-wide projects continued with the usual Federal tax of \$5.00 and \$3.00 per local worker per month to defray expenses other than wages.

NATIONAL YOUTH ADMINISTRATION

During the earlier months of the year this project averaged 30 boys and 25 girls, but this number gradually diminished as the government set up sectional schools and shops, eliminating non-productive local activities. The project for boys engaged in landscape clearance and tree surgery closed entirely. The sewing classes for girls was likewise eliminated. The clerical set-up for girls has been reduced to a minimum.

SIDEWALK, SEWER AND STORM DRAIN CONSTRUCTION

The installation of sanitary sewers was resumed on the westerly side of Park Avenue between Wollaston and Pros-

pect Avenues. This work included excavations, pipe installation, making house connections, constructing man-holes, restoration of sidewalks and pavement. Storm drains and sidewalks were constructed and improved. This work consisted of the building of walks, curbs, storm drains, manholes, catch basins and performing appurtenant and incidental work. Sewer pipe, water mains and service connections were installed on Mystic, Magnolia and Decatur Streets, Highland Avenue, Eastern Avenue and sections of Massachusetts Avenue and Broadway.

WATER GATE VALVE RELOCATION

This project had to do with the relocation of 1927 gate valves, relief and pressure valves and information necessary to the tracing of a Town map to bring the plans of the water system to date, showing the high, intermediate and low pressure and reservoir supply systems. The project closed before completion on a Federal order June 19, 1941.

BOOKBINDING

This project in operation from year to year closed on Federal order March 12, 1941.

RECREATION

This project provided employment for recreational teachers and leaders who coordinated a recreational program in the various phases of social and physical activities, arts and crafts, dancing, drama, music, sports, field days and club organization. This project of considerable value to the recreational public, particularly the children, unfortunately closed July 1, 1941 by Federal order. The activities were then conducted on a reduced basis by the local unemployed department.

CHARITIES

The principal source of economic assistance for women certified as eligible was the sewing project. This activity closed by Federal order on July 1, 1941, resulting in a proportional increase of applications for similar work in the unemployed department. One advantage of this change is mentioned to indicate that the indigent of Arlington benefit directly in the distribution of production in contrast to the former procedure of sending all production to a Federal Surplus Commodities depot.

The project for the manufacture and repair of toys for distribution to needy children closed June 18, 1941.

The household aid project wherein workers under recommendation of the Welfare Department assisted in the care of children and housework in the homes where sickness was prevalent, closed by Federal order on July 1, 1941.

BLOCK PLANS

This project was conducted to provide employment for men of clerical ability to trace and print names of abuttors on a set of block plans for the Assessor's Office. This project closed by Federal order on July 1, 1941.

FIRE AND POLICE SIGNAL INSTALLATION

This project initiated in 1939 continued throughout the year for the installation and renewal of overhead and underground wires and cables necessary for the proper functioning of the Fire and Police Signal System. In addition, pedestals, boxes and terminal boards were installed at strategic locations and a new battery system in Central Fire Station. The sections of the Town covered were Park Avenue from Appleton Street to Park Circle Fire Station; Brattle Street from Massachusetts Avenue to Summer

Street; Medford Street underground cables, High School underground police box; various sections of Massachusetts Avenue renewal of underground cables; and Lake Street from Massachusetts Avenue in the process of completion within 200 yards of the turnpike.

TOWN BUILDINGS AND GROUNDS

Extensive alterations, repair and painting of existing structures were completed this year in the Parmenter, Peirce, Crosby, Cutter, Brackett, Industrial Arts and Junior High West Schools, Central Fire Station, Park Circle Fire Station, Police Station, Robbins House, Robbins Library and the Branch Library at Arlington Heights. In the process of completion, repair and painting of the Old Town Hall. Considerable structural repair and drainage was completed at Spy Pond Field.

Town expenditures on New Street Construction has been omitted due to the fact that this is embodied in the report of the Board of Public Works. Federal Wages expended—\$72,329.48.

REPORT OF PARK COMMISSIONERS

January 5, 1942.

In accordance with Section 3 of Article III of the By-Laws of the Town of Arlington, the Board of Park Commissioners herewith respectfully submits its forty-sixth annual report for the year ending December 31, 1941.

At the annual town election held Monday, March 3, 1941, Mr. Nils G. Anderson was re-elected a member of the Board of Park Commissioners for a term of three years.

The Board organized on Wednesday evening, March 11, 1941, with Mr. Daniel M. Hooley as Chairman, Mr. George D. Higgins as Superintendent of Parks and Playgrounds, and Miss Ruth Cannell as Clerk.

The regular meetings of the Board are held on Monday evening of each week at seven-thirty o'clock for the purpose of considering routine matters, consulting the officials of the several branches of the Town Government and special committees thereof, and the Chairmen of the Town Meeting Members of the several precincts, granting audiences to committees, organizations, delegations, and citizens of Arlington whose interests are within the jurisdiction of the Board of Park Commissioners.

The Board supervised the care and maintenance of twenty-three areas within its jurisdiction, together with four areas owned by the Town of Arlington outside the jurisdiction of the Park Commission, as well as two areas controlled by the Arlington Garden Club.

In conclusion, the members of this Board are thoroughly appreciative of the fact that it is clearly our duty to serve, to the best of our ability, the people of Arlington, who place their confidence in us by electing us to this Board.

DANIEL M. HOOLEY, Chairman, JOHN B. BYRNE, NILS G. ANDERSON, Board of Park Commissioners.

REPORT OF THE PLANNING BOARD

The Planning Board respectfully submits to the Town of Arlington its annual report for the year ending December 31, 1941.

At the regular Town Election, Mr. Harold C. Knight was re-elected and Mr. Frank L. Lincoln was elected, each for a three-year term. The Board was duly organized with Mr. Harold C. Knight as Chairman and Mr. Charles H. Bowker as Secretary.

The task of revising the Zoning By-Law was continued throughout the year at our regular monthly meetings. With the thought and hopes of completing this major project this year eleven special weekly meetings were held during the fall season, in addition to our regular meetings. However, to properly accomplish and complete this project it is necessary that the effort be continued during the coming year.

The Board during the past year has maintained its past policy of objecting to the acceptance or construction of streets to enter into the Concord Turnpike. Consistent with this State-approved policy your Board did at the Annual Town Meeting oppose the extension of Hillcrest Street into the Concord Turnpike.

Acting on a petition signed by the requisite number of registered voters, the Board recommended favorable Town Meeting action to change the zoning classification of an area from a General Residence District to a Business District, so as to clear up a condition requiring annual permits for a non-conforming use, said area being in the locus of the Alewife Brook Parkway and adjacent to the Business District on the northerly side of Broadway. This recommendation was adopted by the Town Meeting.

The Board again recommended that the Town Meeting not rezone an area from a General Residence District to a Business District at the corner of the Concord Turnpike and the southerly side of Lake Street. The recommendation was upheld by the Town Meeting, the character of this neighborhood and the traffic conditions at this intersection were such as to make a business zone undesirable.

At the Special Town Meeting held December 15, 1941, upon recommendation of this Board, the Town Meeting voted to make changes in Paragraph C of Sections 11 and 12 of the Zoning By-Law.

The Board was represented by its Chairman on the "Special Parks and Playgrounds Committee" and the "Advanced Programming and Budgeting Committee."

The Board held a meeting with the Chief of Police and one with the Transportation Committee of the Chamber of Commerce relative to traffic and parking conditions at Arlington Center. Previous studies on this matter were resumed and as a result recommendations were included in the Board's schedule to the Advanced Programming and Budgeting Committee. However, due to world-wide and economic conditions the Board does not recommend any construction projects for the present, not knowing what the future holds forth for the taxpayer.

The Board met with a committee from the Taxpayers Association relative to zoning.

A meeting was held with the Joint Board of Selectmen and Board of Public Works relative to the development of a parallel service route with the Concord Turnpike. Progress has been made and we have requested Board of Survey Layouts at several locations, on which we expect to have exterior lines established, this to protect the Town's interest when a parallel service route is effected.

At this opportunity the Board desires to express its appreciation for the cooperation and assistance of the Building Inspector's Department, the Engineering Department, the Chief of Police, the Board of Selectmen, the Board of Public Works, and the Board of Health for the use of its office for Planning Board meetings.

REPORT OF THE TRUSTEES FOR THE YEAR 1941

The Trustees of the Robbins Library herewith present their report for the year 1941.

Our Librarian, Mrs. Lucinda F. Spofford, with unflaging zeal has continued her policy of making the Library a useful aid to Arlington people, old and young, in promoting their many diverse interests, and the varied activities of the Library and what it is seeking to accomplish are set forth in detail in the accompanying report of the Librarian. Our expenditures for the year 1941 aggregate \$34,405.81, of which amount \$32,788.13 was provided by the Town appropriation and the balance of \$1,617.68 from the income of trust funds.

The circulation of books during the year amounted to 296,254. There has been a steadily increasing demand for technical books during the last few years due to interests and needs developed during the depression and more recently occasioned by the many problems confronting people occasioned by the approach of war and by our Nation's actual entry into it. Means must be found to meet these urgent needs.

The annual report of Mrs. Kathryn M. Achuff, the Curator of the Robbins print collection, accompanies this report and tells of the work that has been done during the year in further developing this unique feature of our Library.

During the past year the Board of Trustees has lost, due to resignation, a distinguished member, Mr. Cyrus E. Dallin, who had honored our Board with his membership from 1906 until May 8, 1941.

In May 1941 the Board and the Library suffered a severe loss in the death of Mr. William A. Muller, Chairman of the Board. He had been a member of the Board since

1913, during the greater portion of which time he had served as Chairman. He was most efficient and tireless in promoting the best interests of the Library and all who have been associated with him know how much this meant.

At a meeting of the Trustees held July 1, 1941 the following Resolutions were unanimously adopted:

"RESOLUTIONS

WHEREAS: Mr. William A. Muller for twenty-eight years was a valued member of the Board of Trustees of the Robbins Library of Arlington and for twenty of those years was Chairman of the Board.

WHEREAS: To that long service he gave generously of his time and interest and as Chairman of the Board was a very efficient leader and a wise judge of the needs of the Library.

RESOLVED: That we, the members of the Board of Trustees, do hereby express our heartfelt sorrow at the death of one who was so good a counsellor and friend, and who was always a loyal supporter of the best interests of the Library.

RESOLVED: That a copy of these resolutions be sent to Mrs. Muller and that a copy be appended to the next annual report of the Trustees."

At joint sessions of the Board of Selectmen and the Trustees of the Library, Mr. Edward H. Kittredge was chosen to fill the vacancy caused by the resignation of Mr. Dallin and Mr. Frederick W. Hill was chosen to fill the vacancy caused by the death of Mr. Muller.

Mrs. Spofford and her most capable band of associates continue to earn the grateful appreciation of the Trustees for their most commendable work in administering the affairs of the Library.

For the Trustees
ARTHUR J. WELLINGTON
Chairman

REPORT OF THE LIBRARIAN FOR THE

YEAR 1941

To the Trustees of the Robbins Library:

I herewith submit the report for the year ending December 31, 1941, this being the fourteenth report of the present Librarian.

During the year 1941 and even earlier, librarians, the country far and wide, have been asking the question, "How can libraries serve?" How are libraries fitted to meet these changes?

"In normal times, our libraries have been an important agency for disseminating information and culture; in times of crisis, when morale and sound judgment are so vital, their services are extremely essential."

"When people are burning books in other parts of the world, we ought to be distributing them with greater vigor; for books are among our best allies in the fight to make democracy work."

There has been an increased demand for technical books on aviation, welding and scores of other subjects.

WHERE MAY IT BE FOUND?

The library has attempted to find whatever could be answered in the books at our command, by the telephone in contacting other sources and borrowing books from other libraries.

Books lists for special reading have been compiled, lists have been checked for various groups and bibliographies have been made for clubs, Parent-Teacher groups and teachers.

By the telephone or mailed notices, our borrowers have been notified of books being reserved for them or books which have been added to the library and may have an especial interest for them. 3,970 books were reserved during 1941.

To remind patrons of overdue books 1,817 overdue postals and letters were sent.

REFERENCE LIBRARIAN'S REPORT IN PART

"Looking back on the fifty-two weeks of the year 1941, we wonder if all that has transpired this year could possibly have occurred in so short a space of time. Looking both eastward and westward, we have seen war. The effect of all this on the reading public is seen by the increase in

interest in books and magazines which might throw light on this series of events. An exhibit of books on world affairs has been arranged in the Reference Room for the past two years. This year we find this collection of greater value than before. Magazines and pamphlets of timely interest such as Foreign Policy Reports and Bulletin and World Affairs pamphlets are in constant use.

The magazine collection is an ever increasing source of interest both to those who just browse and those who are in search of information.

One can never tell what will be the next question to puzzle the Reference Librarian. Here are some that might be worthy of a place on a quiz program:

What is the inscription on the Statue of Liberty?

What is the history of the Boston Elevated Railway?

What is the meaning of the symbol of the three Chinese monkeys?

Where are the lines drawn around the Neutrality Zone?

What is the equivalent of the Supreme Court in France and Britain?

Are the Japanese allowed to own property in California?

Enrollment in the nation's vocational education courses having reached an all-time high, a definite effect is noticed. Interest of course is centered on books bearing directly on the defense industries. Many requests have come to the Reference Desk for material on the metal, iron, steel, aviation and shipbuilding industries. Books on these subjects have been circulated over and over again.

60 books were borrowed through Inter-Library Loan. Among the books requested were those on:

Electrical illumination
Rifles
Lip Reading
Cafeteria work
Antiques
Electro-plating
Coppersmithing in relation to shipbuilding
Jiu-jitsu

X-ray and its use in commerce

235 foreign books were borrowed representing nine languages, Swedish, German, Polish, Armenian, French, Italian, Portuguese, Greek and Dutch.

167 books were added to the Reference collection.

Pamphlets are more and more an important source of information in view of the changing world in which we live. The pamphlet file contains approximately 3,533 pamphlets. 567 were added and 181 discarded in 1941.

There have been many questions on the Fine Arts:
Design of fruit and flowers for stenciling a tray
Pictures of early American desks
Picture of an early American mill
Indian weaving with colored pictures
Embroidery, stitches
Plans for making reproductions of antique furniture
Old English glass

Many have been the requests for information by telephone, some of which were answered immediately while others necessitated calling the person by telephone when work was completed.

Notices of coming events, radio programs, art exhibitions and extension courses are displayed.

A large collection of college catalogs are kept on file. These are consulted by parents and students. A complete, up-to-date file of day and evening courses held in Boston and surrounding communities is available in the Reference Room."

This year beginning in January the Advocate has been indexed every week as it has been issued, thus making Arlington material available at once.

The library has endeavored to become a bureau of ready information: of coming events in Arlington; what courses are being given, when and where?

Technical informative, inspirational and entertaining books have been included in the books selected for the library. An effort has been made through bulletins and booklists to emphasize toleration for other races and creeds, vocational guidance, adequate vocational training, knowledge of democratic procedure.

BRANCH LIBRARIES

The Dallin Branch has completed its fourth year.

"The reference work with the high school students has increased yearly. The junior high and grade school students also are learning to make use of the reference collection. A major discipline problem with an older group of young men has been greatly aided by the opening of social groups at the Heights which takes care of some of the excess energy.

The Story Hour has attracted a larger number than previously. The yearly total has climbed to 1,005. In the summer there were 44 children enrolled in the Summer Reading Club, a most enthusiastic and cooperative group, interested in reading and taking part in the programs.

The exhibits featured throughout the year covered a variety of interests and hobbies, such as handicraft by the Cub Scouts of the Locke and Peirce Schools, soap sculpture by Mr. and Mrs. Rietzel, wooden plaques made by the Girl Scouts, figurines by Preston Baston, a Polish collection loaned by Mrs. Kolodziej, and a fine showing of book binding processes, loaned by F. J. Barnard & Co.

The hall has been used by a greater number of organizations: Heights Study Club, Locke and Peirce P. T. A., Tower Mother's Club, Campfire Girls Association, Red Cross course in First Aid, a weekly Baby Clinic and an all day Red Cross sewing project."

The trim of the building was painted and dry wells put in by the W. P. A. A substantial fence has been placed at the back and side of the lot and new shrubs added.

At the East Branch, but for the faithfulness and willingness of Miss Eva Smith, the Branch Librarian, in making use of very inadequate equipment and doing what she can with it, the results would be much less satisfactory.

Here is a real need, a Branch Library with about the same facilities for library work as at the Heights. Even in these times one cannot refrain from stating needs that are for moral and cultural betterment.

JUNIOR LIBRARY

Nineteen story hours were held, with an attendance of 1983. Summer Club, Book Week with visits of pupils from all grade schools make the Junior Library a busy place.

Visits were made by the Children's Librarian to many class rooms.

The exhibition case has always been a center of interest. These exhibits often are the work of local persons, or a life-time hobby.

Gifts of books were received from the following:

Arlington Heights Study Club B. M. Baruch C. W. Cell Mr. and Mrs. Colin Clements Cork Institute of America Mrs. Joseph P. Dav DeWolfe and Fiske D. H. Elliott Rev. Matthew J. Flaherty Mr. and Mrs. Henry Ford Friday Social Club Mrs. Franklin Gruber Dorothy Hastings Foster Hope Co. Mr. Frank Hubbard H. B. McArdle Theodore Marburg Miss Beatrice Proctor Mrs. Arthur Sampson Mr. Albert Sarkisian Charles Scribner's Sons A. P. Sloan, Jr. H. V. Smith South Bend Lathe Works

Other gifts have been received from Miss Helen Teele, Mrs. Othilie Lawson, Prescott Baston, the Junior Woman's Club and the Garden Club.

With the cooperation of the Art Committee of the Woman's Club the gallery was used continuously.

Sculpture, stained glass, oils, miniatures and water colors by Arlington Artists.

The work of Margaret Powell Setchell: Illustrations of books of children's songs and caricatures of musicians.

Camera Club: An exhibit of pictures of the library and library grounds.

Art Department of Public Schools: Grades one through High School.

History of the Robbins Library told by pictures, catalogues and old children's books.

Prints from the Robbins Print collection were shown during July and August.

Display of Godey's fashion magazines.

Paintings by Harold J. Cue, well-known local artist, illustrator and painter of murals, noted for illustrations and covers of leading magazines and book publishers.

Christmas decoration of sprays of greens with cones, wreaths, mantle and table decoration.

USE OF BUILDING

The building has been used more than ever for classes and club meetings. The regular meetings of the Camera Club, Fortnightly Club, Delphian Society, Daughters of the American Revolution, Garden Club, Junior Garden Club, Junior Woman's Club, have been held in the Library Hall, while the Red Cross, Boy Scouts, Girl Scouts, Visiting Nursing Association and Arlington Community Fund have enjoyed the hospitality of the library. Three hundred meetings of civic and cultural aims were held in the main library building.

Following our custom, four Sunday readings were held. Appreciation is due Miss Virginia Wellington, Mr. and Mrs. John K. Berry, Mrs. Miriam H. Cahalin, Rev. John Nichol Mark and Mr. Percy Brigham for very pleasurable afternoons.

Sunday afternoon, the opening day of Book Week, was celebrated as open house. The entire building was open for inspection. A delightful atmosphere was created with music by the Philharmonic Society.

WHAT DID THIS COST IN MONEY?

Total amount spent in 1941 including Town appropriation and income from Funds:

Salaries	\$20,040.49
Books	6,501.27
Periodicals	594.74
Bindery	2,203.22
Fuel	1,664.49
Light	913.89
Building and Grounds	933.19
Telephone	204.23
Other Expenses	1,350.29
Total	\$34,405.81

Library turned back to the Town \$2,224.40 from fines, \$120.08 from other sources. Total \$2,344.48.

STAFF

Two resignations became effective in 1941, that of Mrs. Marianna Hemenway Rowe and Miss Helen Henry. These positions were filled by Miss Susanne McGillivary, a graduate of Mt. Ida Junior College, and Miss Jeannette Andersen, a graduate of Simmons College, class of 1941.

Members of the staff have been represented at many professional meetings and members have served on committees of professional organizations. Several have pursued cultural courses, and others, courses that fitted them for the present emergency.

Mrs. Montague, as Children's Librarian, has been a frequent speaker at Parent-Teacher gatherings. The Librarian has served on committees of civic and professional organizations as well as speaking on many occasions.

The staff of the library during the coming year, will, I feel sure, be ready to meet whatever emergency they may be called upon to meet. They have ideals, they know what place they wish the library to fill in the community. They know that books are not dead things. They have served the public in those days of depression. They know that:

"Books are a source of comfort and strength in hours of gloom and frustration, and in health and sickness, in loneliness and sorrow, they are an ever-present help to us all. Books are the daily bread of the spirit."

They know that they must themselves become active and not passive agents of the democratic process.

The Librarian is grateful to all the many citizens who have proved themselves good friends of the library. Many have helped, the policemen of Arlington have given service; the School Department and teachers have been most cooperative; the two newspapers: The Arlington News and The Arlington Advocate have been generous in publishing information about library activities.

The Librarian expresses thanks to all these, to the staff who have at all times endeavored to maintain one of

the most valuable features of library service, that of friendly relations between members of the staff and the reading public, and to the Trustees for their never failing interest.

Whatever progress there has been this year is due to the kindness and splendid cooperation of the Trustees and to an interested and loyal staff.

Respectfully submitted,

LUCINDA FIELD SPOFFORD,
Librarian.

REPORT OF THE CURATOR OF THE ROBBINS PRINT COLLECTION FOR THE YEAR 1941

In 1941 there were few interruptions to the routine of cataloguing, research among obscure subjects and artists, and a certain amount of rehabilitation of prints and of rematting. As in years past there were numerous inquiries about portraits, usually obscure, by authors or others bent on research. The collection is becoming increasingly known for its wide scope in the field of portraiture, and frequently portraits are to be found here which cannot be found elsewhere in Boston.

The large exhibition—eighty miscellaneous portraits—is still on view in the print gallery. In August a group of portraits of artists was hung in the main floor gallery, remaining until November 2, the day of the Library's Open House. A gratifyingly large number of interested visitors came to the print gallery that day, many of them for the first time.

Only a few new accessions can be recorded this year. Portraits of Sir Maurice Hankey and Lord Riddell complete the Arms Memorial Portfolio, a collection of twenty-five portraits of delegates to the Limitation of Armaments conference in Washington, D. C., 1921-22. In the light of recent happenings this group will have especial historical interest in the future. Another set of subjects by Walter Tittle is now being acquired: twelve lithographs of English writers. Five of these are now in the collection.

The following portraits were purchased in 1941:

Arms Conference set:

Sir Maurice Hankey—Drypoint by Walter Tittle Lord George Riddell—Drypoint by Walter Tittle, 1921 English Writers Series—Lithographs by Walter Tittle:

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Arlington:

This report is submitted with our country at war, calling upon us to face new situations, the total of which we have never before experienced. There is a part for all and new demands are being made upon the school department, which we are endeavoring to meet and will continue to do so.

The personnel of the School Committee for 1941 was unchanged. This is the third successive year that the same nine members have functioned as a Committee. This is unique when one considers the size of the Town and of the Committee.

The cost of education is of vital interest to the citizens and we submit the following facts with reference to our expenditures for the calendar year 1941. The total budget was \$670,032. and the total payments were \$661,389.42, returning to the Town Treasury an unexpended balance of \$8,642.58.

The receipts on account of education during the year were as follows:

General School Fund	\$50,902.00
Tuition of State Wards	2,801.94
Other Tuition	745.34
Rentals	771.00
Americanization	726.87
Miscellaneous	557.25

\$56,504.40

Deducting the receipts and the unexpended balance from the total budget, the actual amount for school pur-

poses from our Real Estate Tax levy was \$604,885.02. The figure for 1940 was \$598,812.36, an increase of \$6,072.66 or slightly more than 1% of the entire budget. In this connection we would like to call your attention to the fact that the school budget for 1931 was \$736,399.00.

We should also like you to know that a summary of the costs of use of buildings by outside organizations was made for 1941 and it was found to be \$5,047.47. Only \$771. of this amount was returned to the Town Treasury in rental fees. We do not object to this procedure, but as it is included in our school costs, our per capita cost is overstated by a proportionate amount.

There are many good reasons for the establishment of a Vocational School in Arlington. This type of school has been advocated for several years and there are some of us who feel that the Town has been shortsighted in refusing to recognize it. In addition to the above receipts on account of education, \$5,122.13 was received on account of Vocational Education. This amount was not included in our receipts because the appropriation for Vocational Education is not included in our total budget, but in a separate item. When one considers the increasing number of surrounding communities that are providing this type of education with liberal help from the State and Federal Government, it is hoped that Arlington will begin steps this year to acquire such a school. An article will appear in the Town Warrant enabling us to apply to the State and Federal authorities for help in establishing this type of school.

The report of the treasurer of the High School Athletic Association rendered December 15, 1941 shows all bills paid and bank balances totaling \$3,144.22. Arlington High School maintains an efficient athletic department with organized teams in all sports. All expenses are met by admission charges to the various games, football bringing in the largest revenue. During 1941 all sports, except football, were conducted at a loss. In some sports, such as track,

cross country, golf and tennis, no revenue whatever is received. The athletic association also bears the expenses for the girls' teams in field hockey, baseball, basketball, and tennis from which no revenue is derived. Besides the sports already mentioned, teams are maintained in baseball, basket ball and hockey. We appropriate \$2500. in our budget for coaches' salaries for the supervision of these teams. The townspeople should feel proud of the quantity and quality of the athletic teams representing the high school.

For further information regarding the operation of your school department, we respectfully refer you to the report of the Superintendent of Schools.

We regret to record the passing of two teachers who died in service during 1941:

Agnes McCabe, who began service in Arlington in September, 1926. At the time of her death in January, 1941, she was a teacher at the Peirce School.

Alice Treat, who began service in the high school in September, 1920. At the time of her death in March, 1941, she was Head of the English Department in the Senior High School.

Many of the townspeople can attest to the influence for good of these splendid teachers and the sorrow occasioned by their passing.

We pay tribute to seven of our teachers who retired in 1941:

Sara M. Henderson with thirty-nine years of service to the Arlington schools, and at the time of her retirement in June was a teacher of grade three at the Crosby School.

Sarah J. Bullock with thirty-eight years of service, and at the time of her retirement in June was Head of the Mathematics Department at the Senior High School. Alice W. King retired December 1, began service in Arlington in September, 1921. At the time of her retirement she was teacher of the fifth grade in the Hardy School.

Alice A. Preston, Head of the Latin Department at the Senior High School, began service here in September, 1922, and retired in June.

Amy D. Young began service here in September, 1919, and at the time of her retirement in June was second grade teacher at the Locke School.

Mrs. May P. Browne began service here in September, 1924, and at the time of her retirement in June was second grade teacher at the Russell School.

Mary Elizabeth O'Connor, Supervisor of Elementary Education, began service in Arlington March, 1938 and retired September, 1941.

The Committee expresses its gratitude to all of them for their long period of faithful service, for their loyalty and for their valuable contributions to the educational system of Arlington. They have made a distinct contribution to the system and a lasting impression on many of our citizens who were their pupils.

We express our appreciation to the school officials, teachers, and employees for their loyal support. We thank the Town officials, members of boards and departments and the citizens of the Town for their cooperation.

Respectfully submitted,

(Signed) JOSEPH J. BEVINS, Chairman.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS FOR THE YEAR 1941

To the School Committee of Arlington,

Ladies and Gentlemen:

I hereby submit my fifth annual report as Superintendent of Schools in the Town of Arlington. The report deals with some details of our school system which ought to be of public interest. There are many phases of school work which should be covered by a report of this kind. To this end I have asked the Senior and Junior High School Principals, the Elementary Supervisor, the Director of Guidance, and the Supervisor of Maintenance to submit reports of their work to me. I am, therefore, including portions of these reports as a part of my annual report.

The work of the schools has gone steadily forward during the past year. The plans for improvement which the Committee has approved from time to time have been put into operation. Progress has been made in various directions as the succeeding pages of this report will show. The best progress, however, which any school system can make is not found in the new projects which may be undertaken from time to time, but consist in the steady development of many minor improvements in school organization and classroom procedure of a non-spectacular nature. Indeed the best school achievement return is that which undertakes to solve its minor problems with as much enthusiasm and interest as those which are more readily noted by the newspapers and the general public. Much of the best advancement that a school system can make is impossible to include in a school report. Much of your Superintendent's time is consumed with apparently small adjustments or adjustments of such a nature as to keep the school system growing in a progressive manner.

ENROLLMENT

You will note by the accompanying table of enrollment that, while there has been a decrease of two hundred one pupils in the enrollment during the past year, this decrease has not been entirely in the elementary schools, as has been the trend during the past few years. In fact, there has been a decrease of only thirty-eight pupils in the elementary schools, while in the junior high schools there has been a decrease of sixty-eight pupils and in the Senior High School a decrease of ninety-five pupils. I mentioned in my report of last year that the Senior High School enrollment had reached its peak. The decrease in the junior and senior high schools will continue for three or four years at least, unless we have a material growth in population due to building in the Town.

SENIOR HIGH SCHOOL

Following are excerpts from the report of the principal of the Senior High School:

"Because of the smaller enrollment, it was possible to organize the school this year with three teachers less than last year. After school opened in September, Mr. Ray L. Ellis was engaged to teach English and Mathematics. This was necessary because of very large classes in those two subjects and in Chemistry. We still find it necessary to use some rooms for home rooms which are poorly adapted to this purpose such as the library, science rooms, sewing and cooking rooms.

"At the close of the year last June, Mr. Douglass L. Eaton was appointed head of the mathematics department. Mr. Eaton, who came to the school in September 1929, has taught mathematics successfully for many years and has done considerable graduate study of the subject. Mr. Charles R. Campbell, who came to the school in September

1937, was appointed head of the English Department. He has had adequate experience in the study and the teaching of this subject. Both of these men have had administrative experience which will be of great value to them in their new positions.

"Because of the decrease in the number of pupils who elected to study Latin in the following year, no one was appointed head of the Latin Department. Miss Dorothy Rounds, who has been teaching in this department since 1930, was given the more advanced Latin courses which Miss Preston had taught so many years.

"In former reports I have emphasized the need and value of the Guidance Department. During the past year this department under the excellent and skilful management of the director, Mr. Bert Roens, and his assistant, Miss Eleanor Collins, has increased its usefulness to the school to a great extent. Mr. Roens' report will deal specifically with the work of the department during the past year and will be, I feel sure, of great interest. The School Committee voted toward the end of last year to put this department under the direct administration of the school department. Up to that time it had been operated entirely as a project by the Harvard Graduate School of Education. To that institution we owe much, I believe, for initiating this guidance work in our school and for proving its great value to us."

JUNIOR HIGH SCHOOLS

Following is report of the junior high school principals for the past year:

"Courses of Study

Courses of study in Science and French were written by representative teachers of those subjects. The tentative courses of study previously outlined in Social Studies, English and Mathematics, and used the past school year on an experimental basis, were found to be most satisfactory, and it is planned to continue their use. In Business Arithmetic a new text was adopted resulting in some adaptation to the present course of study for the coming year. Courses of study for Health and Guidance are being planned.

"Safety

A drive for safety on the streets was led in order to improve traffic conditions.

"Reading

Mr. Keating, in his meetings, reported an improvement in the elementary schools in the ability of the pupils to read. It now becomes the task for junior high schools to continue instruction in reading for those who need it. As a result, reading classes for the last-named group are in operation in each of the three junior high schools. As the program in the elementary schools improves, such instruction will be less necessary in the upper grades.

"National Education Association

The Superintendent arranged to have Mr. Nixon, Secretary of the Massachusetts Teachers' Federation, speak to the teachers in regard to membership in their own organization, the National Education Association. Afterward, a very successful drive was carried on in all the schools.

``Textbooks

At the November 12th meeting of the junior high school principals a definite improvement was noted in the textbook situation by all principals.

"Air Raid Drills

At the present time, each school is studying individually the problem of proper air raid drills in order to maintain the safety of pupils entrusted to us."

ELEMENTARY SCHOOLS

Miss Gregory, our supervisor of elementary education, has been with us only a short time, but already has proven to us that she will give a high type of leadership to the teachers in the elementary grades. Below are excerpts from her report.

"Courses of Study

In planning my new work I found that committees had already been appointed to begin work on making a course of study in English and one in Safety. These committees were partially reorganized in order to have a representative from each elementary school, thereby making it possible for the principal and teachers of each building to get a first-hand report of the work being done. We have divided the work of each course of study into eight units, and the teachers have chosen a unit in which they are interested to give special study. Half of the teachers in each building are working intensively on English and half on Safety, but there is opportunity for general discussion in either subject as the need arises. The eight chairmen for each course, who serve as a steering committee, meet with the Supervisor at stated times and plan the work to be accomplished. These joint meetings also serve as a clearing-house for discussing problems which arise in regard to the courses and assure uniformity and continuity of subject matter. Each chairman in turn conducts as many meetings in her building as she finds necessary to complete the work which has been outlined. We expect that both courses will be completed in June. Each teacher is working willingly and faithfully and appears eager to give this special service.

Principals' meetings are held at least once a month to discuss common problems and to unify the work of the elementary grades.

"Testing program

Sixty-six pupils who needed special study were tested

by Dr. Lincoln in December. Dr. Lincoln's recommendations for each child have been carefully analyzed by the Supervisor, principals and teachers and constructive follow-up treatment is in process. I have had conferences with parents and have made several home visits in regard to pupils whom it seemed wise to transfer to special classes or to the Junior High Industrial Arts School, or to be given part time work at the Boston University Clinic for Remedial Reading. I wish to make special mention of these parents who have been so understanding and cooperative in following our recommendations and who have so generously expressed appreciation of our efforts.

"First Grade Entrants

Of the cases tested by Dr. Lincoln, nineteen are first graders, and among that number are ten who are rated as immature for Grade I. That leads me to refer to last year's record of first grade repeaters which numbered forty-eight. Without doubt many of these pupils would have been definitely better off to have waited a year before entering school. Because some children mature more slowly than others, their readiness to do things comes at different ages. We do not expect children even in the same family to creep, walk, or to use their playthings at the same age. It seems reasonable to assume that all children are not able to achieve success in Grade I at the same chronological age. Learning to read is a complex process, and physical, social and emotional factors, as well as mental, affect the acquisition of this skill. Mental age is a better criterion of success in reading than is chronological age. Studies of children's progress in Grade 1 and later school work show that if we wait until children are at least six years, or better still, six and one-half years of age mentally, we shall be more certain that they are ready to read. It is important that a child experience successful achievement in his beginning school work, and in order to accomplish this, it is necessary for him to be mentally able to cope with the situation. To force a child to do a particular type of activity before he is able, accomplishes little so far as the desired activity is concerned and may result in discouragement and maladjustment."

SPEECH CORRECTION CLASSES

Last year the School Committee engaged Mrs. Zulma Simonds to start speech correction classes. Mrs. Simonds is a teacher of long experience and special training in this work. Previously, the Arlington School Department has done very little in this field, meeting the needs of only twelve or fifteen pupils through Boston schools of speech correction. This year Mrs. Simonds is giving three days a week in our various elementary schools and has had an enrollment the past four months of one hundred and seventy-seven pupils, twenty-eight of whom have had their difficulties corrected and have been discharged. This is very valuable work, and at the present time we are helping a large number of children.

PROFESSIONAL IMPROVEMENT

As continued evidence of the professional spirit and growth of our teachers approximately fifty have pursued courses during the past year which were of cultural and professional value. There is a keen desire on the part of most of our teachers to make themselves more efficient and to grow in their ability to do better and more effective teaching. In a very real sense the names of the teachers who have taken these courses should be on an honor roll.

Of the changes in personnel in 1941, thirteen of our teachers resigned to be married, one entered another vocation, seven retired, two died and two took leaves of absence. Due to reorganization, the number of teachers in the High School is two less and in the Elementary Schools one less.

MAINTENANCE DEPARTMENT

Following is a list of some of the larger items of repair accomplished during the past year, under the direction of the Supervisor of Maintenance.

High School

Painting of the entire outside of both the old and new buildings.

Repointing of brickwork of exterior wall at rear of stage in old building and a section of third floor corridor wall.

Installation of a new center wall between two large steam boilers in old building.

Installation of new grate bars in boiler No. 2.

Repairs and replacements on all window shades in both buildings.

Replacement of refrigeration unit in large refrigerator.

Junior High School Center

Installation of asphalt tile flooring in rooms 6, 7 and 8.

Installation of one hundred and four sets of new pedestal type classroom furniture in rooms 6, 7 and 8.

Installation of Mason thresholds at front and rear entrance doors.

Junior High Schol East

Installation of new roof over the gymnasium and auditorium.

Installation of forty-two sets of new pedestal type classroom furniture in music room.

Replacement of lock cylinders on all outside doors.

Repairs and replacements on all window shades.

Repairs to brickwork on boiler No. 2.

Painting of all outside doors.

Junior High School West

Repointing of brickwork on southeast wall and repointing of capstone.

Painting of cooking room, toilets, shower rooms, rooms. 28 and 29, and touching up in other rooms.

Removal of partition between rooms 26 and 27.

Repairs and replacements on all window shades in building.

Repair of front entrance steps by the W.P.A.

Installation of asphalt flooring in cooking room.

Damaged plaster around windows and walls in rooms 4, 24 and 25 replaced and patched.

Painting of all outside doors.

Junior High Industrial Arts School

Completion of new cooking room.

Brackett School

Cement curbing at front of building replaced by the W.P.A.

Cement capping placed on present stone wall around playground by the W.P.A.

Crosby School

Installation of new cement walks on the Winter and Oxford Streets sides of building by the W.P.A.

Repairs on brickwork of boiler No. 2.

Remodeling of electric wiring in parts of the building.

Outside gong replaced.

Wood floors patched throughout the building.

Installation and piping of a hot water system to certain fixtures.

Repairs and replacements on all window shades.

Application of Gulf sani-soil to the playground.

Cutter School

Painting of all outside doors.

Repair of stairway plaster on Robbins Road side.

Installation of new grate bars in boiler No. 1.

Painting of classrooms 9, 10, 11, 12 and 16 and teachers' room.

Repair of brick work in boilers No. 1 and No. 2.

Installation of Mason stair treads at the boys' entrance door.

Hardy School

Repairs and replacements on all window shades.

Painting of all outside doors.

Locke School

Six hundred square feet of new pine flooring laid in the lobby on the Paul Revere Road side of building.

Installation of a wash bowl with all connections in the clinic room.

Patching of loose plaster in first floor corridor ceiling and in classrooms.

Painting of boys' and girls' sanitaries on second floor and principal's office.

Painting all outside doors.

Parmenter School

Completion of new basement store room by the W. P. A.

Twenty pupils' desks stripped and refinished.

Peirce School

New linoleum laid in the principal's office.

Painting of all outside doors.

Painting of rail fence.

Russell School

Removal of poor section of flag pole.

Erection of wooden fence between school and adjoining property.

All Schools

Repair and painting of all flag poles.

In addition to the above there were many jobs accomplished by our Maintenance Department, too numerous to be listed in this report.

ACCOMPLISHMENTS

Only two of the seven recommendations which your Superintendent made in his report last year can now be called accomplishments. One was the recommendation that guidance study be continued and made a permanent part of our school curriculum. Mr. Roens, whose report is appended, has charge of this work at the present time. The other recommendation which was carried out was the painting of the exterior of the High School.

RECOMMENDATIONS

I repeat my recommendation which has been made for several years in regard to a vocational school. The need for this type of training is greater than ever before. We have a number of boys in our High School, and many who have left school, for whom there is a distinct need of vocational training. While there will be considerable cost to the introduction of this type of training, nevertheless, it is bound to result in a reduction in the enrollment in the academic High School, with a commensurate saving in teaching personnel there eventually.

I wish again to urge you to install a telephone and sound system in the High School. While there has been a dire need of this service for a number of years, it is needed more than ever now, due to the defense situation. There are approximately 1800 pupils in this building and it is impossible to get a message to one of them without sending some one, as I called to your attention in my previous report. This necessitates pupils leaving their work to do errands. Every other school in the system has telephone service within the building, and there is more need for it in the High School than in any other building in the department. I would suggest that an Article be placed in the Warrant asking the Town to give consideration to this problem.

I would feel that I was remiss in my duty if I did not again call to your attention the need of a new building in the Russell School district, and also urge the completion of the George H. Lowe, Jr., Memorial Auditorium.

CONCLUSION

The year 1942 has come to us with serious conditions facing the community, the State and the nation. Though no person can tell just how and when, there is no doubt that these problems will eventually be solved. The first need of any community in the United States today is the care and training of the children who are to solve the problems of tomorrow. The teachers of our community, together with all members of their profession, have shown themselves ready to meet the challenge of each day quietly and unafraid because they believe in the ideals of education and in the good faith and loyalty of the American people.

It is our endeavor to keep in mind continually the real aim of *education in a democracy*, which is the training of individuals for social efficiency and social betterment. In order to accomplish this we must instruct children in the formation of right habits, in acquiring the skill necessary

for rendering some service needed by society and essential to the permanent well-being and efficiency of the individual, in the processes and experiences necessary for the acquisition of useful knowledge, in the habit of thinking clearly, in the establishment and tendencies to right conduct and in the principles of good citizenship.

We are far from realizing these objectives but we are sure that from year to year progress has been made and that in Arlington, as well as elsewhere, the education of American youth is becoming more effective. A community must always hold to the vision of the possibilities of its school system and must ever consider the investment of its time, energy and money in education the most essential one that it makes.

The schools of the community are the proper agencies set apart by society for the development of human resources. The better the schools are able to adjust their program to the individual differences of each child, the better they serve to develop our human resources, which are our most valuable possessions.

I wish to express my sincere gratitude to principals, teachers, supervisors and all other employees who have so faithfully performed every duty for the welfare of the children. I wish, also, to thank the other Town departments and parent-teacher associations, which have cooperated with the School Department during the past year. Lastly, I wish to express my appreciation to the School Committee for its helpful assistance and encouragement in the formation of educational policies and in the management of the schools.

Respectfully submitted,

(Signed) JOSEPH S. KEATING, Superintendent of Schools.

GUIDANCE DEPARTMENT

Senior High School

To the Superintendent of Schools:

Sir:

I have the honor to submit the following report of the activities of the Guidance Department for the year 1941:

CONTINUATION OF GUIDANCE WORK

In consequence of your interest and that of the School Committee, the program inaugurated by the Harvard-Arlington Guidance Study in the Arlington schools was, in September, taken over by the School Department. In order that the program should not be interrupted during the transition year (1941-42) additional financial support was made available through the grant of Mrs. Chester Noyes Greenough to the Harvard Graduate School of Education.

AIM OF THE GUIDANCE DEPARTMENT

The aim of the Guidance Department has been to continue to provide assistance to students in order that they may recognize their potentialities and limitations, to develop their abilities to the fullest possible extent, and to utilize this knowledge and development in planning their school and post-school careers.

RE-ORGANIZATION

During the past year the administrative work of the Guidance Department has been concerned with making provisions for extending its services to cover as many secondary school pupils as possible without "spreading itself too thin." It is not possible for two counselors in a high school of approximately 1800 pupils to work effectively with every pupil. To attempt to do so would probably result in hur-

ried, "hit or miss" counseling which cannot be expected to be of much assistance to pupils. However, by careful planning and budgeting of the time of its two counselors, the Guidance Department has been able to accomplish the following:

- 1,297 interviews with 493 pupils in class of 1941 and with 93 of their parents
 - 789 interviews with 317 pupils in class of 1942 and with 29 of their parents
 - 269 interviews with 198 pupils in class of 1943 and with 62 of their parents
 - 131 interviews with 82 junior high school pupils
 - 572 interviews with 116 teachers in junior and senior high schools.

These interviews averaged about 15 minutes each and do not take into account briefer contacts with pupils and teachers. In addition to the interviews, intensive follow-up work was carried on by the counselors.

NINTH GRADE TESTING

For the first time, every ninth grade pupil in all the junior high schools was tested last spring for learning and reading ability. These tests were administered for two purposes. First, they provide invaluable information supplementary to school marks in helping pupils to select courses in high school. Second, these tests when combined with marks and teacher recommendations have facilitated the grouping of tenth grade pupils more effectively for instructional purposes. For example, a pupil with better than average learning ability who is very good in mathematics, but is a slow reader, would be placed in a fast mathematics division, and in an English division in which he would get extra help with his reading difficulty.

COORDINATION OF THE JUNIOR-SENIOR HIGH SCHOOL GUIDANCE PROGRAM

In order to systematize the group guidance program in the Junior and Senior High Schools, the Junior High School guidance teachers are meeting weekly with the Director of Guidance. These meetings are planned to revise the courses of study in group guidance classes for grades seven, eight, and nine and to improve the guidance records which accompany the junior high school pupils into the high school. These records have, during the two years of their use, made available to teachers more complete information on each of the pupils in their classes. As a result, many of the pupils have made the transition from junior to senior high school more easily.

"GUIDED GROUP"

The Harvard-Arlington Guidance Study was set up to investigate the effectiveness of a systematic guidance program in the Arlington secondary schools. For this purpose a group of two hundred representative eighth grade pupils was selected during the school year 1936-37 for special study and counseling during the remainder of their public school careers in Arlington.

Unfortunately, it was impossible to work with all eighth grade pupils at that time because, although the grant was generous, it was by no means adequate to provide comprehensive guidance for more than part of the school population. The selection was made in such a manner as to secure a cross-section of the school population including both pupils who showed a great deal of promise and ability and pupils who needed help. These pupils will be referred to as the "guided" group.

Another group of pupils was selected at the same time (1936-37) and matched with the "guided" group according to sex, age, marks, mental ability, and grade. This group

was not given any special counseling by the Harvard-Arlington Guidance Study and will be referred to as the "non-guided" group.

In the last Annual Report, the difference between the "guided" and "non-guided" groups in terms of school subject failures was demonstrated. There was noted a marked decrease in failures of the "guided" group as well as a marked decrease in curricula change.

In addition to these two groups many other pupils in all of the classes were referred to the counselors by school personnel and parents during the years of the Study. In each case an effort was made by means of interviews, tests, and conferences with teachers and parents concerned, to assist the pupil in solving his or her problems.

SENIOR CLASS SURVEY

Most of the pupils in the "guided" and "non-guided" groups graduated last June. A survey of the entire senior class made prior to graduation revealed the following results:

	Entire Senior Class	Non-guided	Guided
Pupils with no definite plans after graduation	38%	35%	6%
promise of employment	14%	16%	11%
	15%	17%	28%
Pupils going to college Pupils going to schools other than colleges	18%	14%	32%
	15%	18%	23%

Arlington is not peculiar in the high percentage of pupils about to graduate who have no definite plans about their future. Investigations made throughout the country reveal that approximately 30% to 40% of the pupils who graduate from our high schools have no future plans. By providing adequate counseling facilities for our pupils, this

number can be reduced markedly as demonstrated by the "guided" group.

The Guidance Department went to great lengths to provide prospective job-seeking students with employment contacts; with information about interviews for jobs; with help in preparing letters of application for jobs; and with information about requirements, current conditions, advantages, disadvantages, earnings, chances for advancement, and so on. Similarly, seniors who expected to continue their schooling were given help in planning for appropriate education and training. Although the "guided" group was worked with most intensively, practically all seniors were informed of sources for advice to which they could turn. As in past years, placement work with many seniors was done also by the Vice-Principal and by the Commercial Department.

It is to be noted that a larger percentage of "guided" pupils went to college than "non-guided." The reasons for this seem to be that:

- 1. Pupils with high academic ability who never considered going to college became interested when their abilities and possibilities were demonstrated to them.
- 2. Because of the detailed and comprehensive information provided to colleges by the Guidance Department, a number of the "guided" group were admitted although they did not meet specific entrance requirements. However, the Guidance Department recommended only such pupils to colleges who, by test scores and other means, demonstrated that they were able to do and interested in college work.
- 3. Although both groups contained approximately pupils of equal ability and home background, the counselors were able to indicate to pupils in the

"guided" group scholarship opportunities about which they were unaware.

The Guidance Department has been very conscious of its duty to help to discover and to direct possible future leaders. To that end, pupils who demonstrated high mental ability and gave evidence of characteristics of leadership were given as much attention as pupils who "needed help."

NATIONAL DEFENSE

During the past summer an Engineering Defense Training Course was set up in a number of local colleges in this area for pupils who graduated from high school and who had taken certain college preparatory courses. The instruction was free and the course lasted for approximately two months. The Guidance Department recommended nine pupils who qualified for this course and all completed the work satisfactorily. With one exception these boys are now employed in responsible positions with firms manufacturing war materials.

Thirteen boys were recommended to free machine shop training courses established during the summer in connection with National Defense and ten of these boys are already employed and with the exception of three boys, all are employed in machine shops.

RECENT FOLLOW-UP OF THE GRADUATING CLASS .

In November, return post-cards were sent to all members of the class of 1941 in an effort to determine their present status. To date, returns have been received from approximately 80% of the class. These revealed that practically all boys were employed or attending school or college and that about 90% of the girls were so engaged. It appears to be easier for high school graduates to obtain employment now than has been the case for some years past.

However, in comparing the "guided" with the "nonguided" group, it was found that:

Non-quided Guided Graduates dissatisfied with their employment and who were anxious to make a change 31% 5% Employed graduates who were attending evening school 21% 62%

Approximately six out of every 20 pupils in the nonguided group found themselves in work they did not like, whereas only one in every twenty of the guided pupils found themselves in the same situation. The most common reason for this dissatisfaction seemed to be that the jobs were "dead-ends" and had no future.

The Guidance Department has encouraged those whom it has counseled to continue their education and training in appropriate fields even though they are employed and this may help to account for the major differences in numbers who are taking evening courses.

The Guidance Department recognizes that the effectiveness of its work is due in large measure to the increasing attendtion that many of the teachers are giving to individual differences among their pupils. These teachers have referred to the Department pupils who need attention and have cooperated in working out remedial programs for these pupils. Such cooperation makes it possible for the guidance staff to reach more quickly all pupils needing help and to apply its specialized services more effectively.

Director of Guidance.

REPORT OF THE TREE WARDEN

To the Citizens of Arlington:

I herewith submit my report as Tree Warden for the year ending December 31, 1941.

The past year was a very trying one for trees because of the severe drought. I was obliged to postpone planting from the spring until fall.

A tree, as we all know, will grow with proper care and suitable conditions, but when injured by the acts of an enemy its growth is retarded and, in many cases, dies. This has been caused by the elements of weather and the pranks of mischievous school children who slash trees with knives. During the past year in the vicinity of our schools more than twenty trees have been cut, some of them so girdled that they will not survive.

Four hundred trees were planted this year. Six elms, one ash, four maples and one oak were removed because of being dead or in a dangerous condition.

The necessary trimming and removal of low limbs has been attended to. Applications for the removal of two trees were received and hearings held on same and, as there were no objectors, permits were granted.

I wish to extend my thanks to the Board of Selectmen and the Board of Public Works for their cooperation.

Respectfully submitted,

DANIEL M. DALEY, Tree Warden.

REPORT OF SUPERINTENDENT OF TOWN HOUSE GROUNDS

To the Honorable Board of Selectmen Arlington, Massachusetts

Gentlemen:

I hereby submit my report as Superintendent of the Town House Grounds for the year ending December 31, 1941.

The regular routine work of cutting grass, caring for shrubs, edging and trimming of walks, clearing the hall platform and walks of snow and ice, was attended to as usual.

The Patriots' Day celebration continues to attract large gatherings, and this year as in the past the area in front of the hall had to be roped off to keep the crowds back. I also had men patrolling the grounds to keep the children from molesting the statue of Menotomy Indian, as well as the shrubbery. An added attraction this year was the Flag Raising by the Boy Scouts at 8 A. M. which required the men of the department to be at their posts before that time.

Flowers were planted in the base of the fountains on the Plaza of the hall prior to Memorial Day, and remained there during the entire summer, with many favorable comments received about them.

Due to the fact that the Reservoir water was not available this year, the sprinkling system of the lawn was connected up with the Metropolitan water. This work was done by the Public Works Department.

The water pool, adjacent to the Statue of Menotomy Indian, was thoroughly scraped and given two coats of water-proof paint.

The seats of the settees located around the grounds were removed by mischievous persons on two different occasions during the year, and each time had to be cemented back on. Because of this, and other parts of the grounds and shrubbery being damaged, a watchman had to be employed to be on duty after regular working hours. The services of this man were obtained from the Unemployment Department.

The Flagpole was given two coats of paint to protect it from the weather and also to protect the pole itself.

The general upkeep of the grounds surrounding the Robbins House was taken care of, as has been the custom in past years. The walks of this property were all covered with stone dust, as well as part of the driveway, and parking space.

In conclusion I wish to thank the Board of Selectmen, its Secretary, the men of the department, and all Town Officials for their courtesy and whole-hearted co-operation during the entire year.

Respectfully yours,

GEORGE M. DOLAN, Superintendent
